STATE PRESIDENT MESSAGE

Dr. J.A. Jayalal
State President
NHB IMA TNSB

Dear Colleagues,

Warm greetings and my hearty congratulation to IMA NHB Team. The altruism, planning and enthusiasm with which NHB is marching forward is a reality to cherish. After a long time, we could get district coordinators for each district and ensure their participation to brainstorm on various critical issues facing our hospitals.

On minimum wage act issue, I deem privileged to lead this unified team in lobbying successfully and restoring our moral right to pave way for reconsideration of this act. I appreciate the NHB Chairman Dr. Bala and Secretary Dr. Karthick for their enormous hard works with state office. The war is on and we are destined to win.

In finalizing fire safety norms in our hospital premises IMA and NHB team worked with the state directorate, litigants on this issue and happy to get an assurance if all the other fire safety norms like equipment, training, escape routes are executed ramp issue will not be insisted. Patient safety is our commitment. Hence give priority to this and ensure fire safety norms in your hospitals.

Insurance both state and forthcoming national are going to be a great impediment for us. To counter and strengthen our

requirements IMA is embarking on costing of all our expenditure. Dr. A.K. Ravikumar and team are working with IMA NHB to get it done as quickly as possible. Once this process is over, we will submit this to all insurance sectors with a deadline to work on our demands.

I appeal to every District NHB Co-ordinators to work on enrolling all nursing homes into our fold. Be prepared with all the GO and rules related to our hospitals with yourself. Organize food court style meeting of enforcing departments like pollution control, fire safety, insurance, income tax, labour commission in your district, collectively bargain to settle our issues in a democratic way.

Crisis Management Committee led by Dr.K. Vijayakumar needs special appreciation for empowering each district with crisis management TEAM, paving way for hassle free practice in each district.

My dream NHB shall raise to a vital Secretariat from where we can get support, help and guidance for all issue facing our hospitals on day to day practice.

I am sure the dynamic NHB team will accomplish this within their tenure.

Wishing you all the best.

Long Live IMA !

STATE SECRETARY MESSAGE:

Dr. B. Sridhar
State Secretary
NHB IMA TNSB

It gives me great pleasure to get in touch with you through this prestigious journal of NHB the wing which taught me a lot about the various problems associated with hospitals.

As our advisor used to say the membership has grown so also our problems. Issues like CEA, minimum wages act, fire safety and pollution control are staring at us menacingly but the team IMA and NHB have grappled them unitedly and trying to find solutions acceptable to everyone. Fortunately we have a team of very dedicated Office bearers in NHB and they're stretching all their nerves to help you out. The district wise meetings and panel discussions are proceeding well and has increased the awareness of our members.

We need to be tuned to the state office both IMA and NHB for the latest information. Any doubts please feel free to contact your office bearers instead of believing the wild rumours of the social media. We request you to stay united and respond as one man to the guidelines that may be given to you by us time to time. Nursing home board the fort of 4000 members has become the beacon light of the whole private health care industry.

Long Live IMA !

CHAIRMAN'S MESSAGE

Dr. M. Balasubramanian

Chairman

NHB IMA TNSB

Dear NHB Member,

Friend in need is a Friend indeed.

All our hospitals are undergoing tremendous turmoil since April with simultaneous pressure from all sides to implement statutory requirements costing heavy escheqour like Miniwages Act, Bar Coding of Biomedical waste, Construction of ramp and Installation of Fire Safety Equipments and getting NABH accreditation for continuing Cashless Insurance etc. Problems are plenty. But our IMA and NHB are mighty. We have already jumped into the arena already to rescue you out of danger.

Already light is sighted at the end of the tunnel and we sincerely hope you to provide comfortable journey further. Only request to you is to strengthen our hands by attending our forthcoming NHB meeting at Chennai on 17th June in large numbers and impress upon the Ministers and Beurocrats that IMA and NHB are not Letter Head Associations.

Workshop on Management of 10 Common Emergency Conditions for your Casualty and ICU Duty Doctors

Hands on Training and Certification on *Management of 10 Common Emergency Conditions*

Long Live IMA !

ADVISOR MESSAGE:

Dr. V. Varadarajan

Advisor

NHB IMA TNSB

Dear All,

Greetings!

There is nobody who is more concerned about the patient than the treating doctor. Patient safety and patient satisfaction are his foremost considerations. Similarly the patient and his relatives want the patient to get well soon. The Government wants all the citizens rich or poor to get the best of treatments. Similarly the officials, politicians and all other people want quality care at cheaper cost.

Thus everybody aims at the best care to the patient. So, when all of us should travel together supporting each other why should there be misunderstanding, quarrels blaming each other. The simple fact is we do not understand the problem the other sector is facing.

With my experience of more than 50 years of practice, I can say there has to be better understanding between all stake holders in understanding the realities. Probably there is no other profession in which everybody wants the same result.

Doctors are blamed for the cost of medical treatment. How many of you know that the Nursing Homes, Cinema Theatres and Kalyana Mandapams are taken as commercial ventures under one heading. So they are classified and taxed as commercial establishments.

The rate of local Municipal Taxation is very high. Similarly the electricity tariff is on commercial basis. The water that is supplied to the hospital is also charged as commercial. The modern medical equipments are costing lakhs and crores. They go out of service with the invention of newer models every alternate year. There is no soft loan for hospitals or doctors. The politicians and the public who talk about cost of medical treatment must understand that at every point we are taxed on commercial basis. In fact it is very difficult to run the hospitals unless we have our own financial resources from outside.

If the Government brings down the taxes stated above and the Banks give a soft loan as in Agriculture we will be able to pass on these benefits to the public. We have been fighting at every stage knocking at all available sources to help us to reduce the cost. But the problem of municipal taxation to cite one example we have been representing since 1987 when the tax was first introduced under commercial classification. Till date there is no response to our request.

Next time before blaming us for the cost of treatment the public and politician should be requested to analyse the basic reason. Kindly educate your patients and their relatives when they blame you for high cost of treatment.

I appreciate the efforts taken by our State office, Dr Jayalal and team, IMA, NHB, AHPI Action Team, IMA NHB OB Group coupled with our NHB office bearers, major hospital representatives, Doctors and IMA Wings and branches for the effective and timely united representation of our problems to the officials and the Government.

Long Live IMA !

SECRETARY'S MESSAGE

Dr. S. Karthick Prabhu

Secretary

NHB IMA TNSB

Greetings!!!

I am happy to present the 2nd edition of ***NHB Express*** this year. In the last edition you would have found NHB Database updation, NABH Accreditation by NHB with Ibhar, model of our NHB app etc.

To update you:

- Around 1500 members have responded to our request on database updation and we thank them for their prompt and responsible response. We request others also to follow the same.
- Over 100 hospitals have enrolled for ***NABH by (NHB – Ibhar handholding program)*** since 18th February 2018. Over 50 hospitals have started implementation and 9 have already applied and many will be applying in the coming weeks. You will also find later in this edition details on process and progress of NABH.
- We had multiple meetings at Chennai with ***TNPCC*** (Tamilnadu Pollution Control Board) and the outcomes of which you will find subsequently.
- ***NHB-Mobile app*** (1st phase) will be launched in the upcoming NHB North Zone meet on 17th June in Chennai at Hyatt Regency and I welcome all our NHB members to attend this meeting. The details of which you will find subsequently in this edition.

- *115th NHB East Zone Meet at Tiruvarur* was a grand success with good attendance and I thank office bearers and district coordinators and leaders of IMA -Tiruvarur for making this meeting a grand success.

Lots of events have happened since the last edition in February and here are the minutes of most of them for your reference.

We office bearers **“TEAM IMA 2018”** under the presidentship of *Dr.J.A.Jayalal* have attended many meetings in various departments addressing key issues with the help of Past Presidents, Past Secretaries & other interested office bearers for which we are thankful and grateful.

As we are facing various problems and new regulations we wanted to get consensus from our members & district coordinators. The vacant posts for NHB district coordinators were also filled for the same purpose.

We met our Environmental Minister **Thiru. K.C.Karuppannan** on issues regarding pollution control.

We conducted a **“BRAIN STORMING SESSION”** on *07/04/2018 at IMA HQ,Tambaram* to discuss the following issues and it was well attended by more than 250 members including district coordinators.

The issues discussed were:

- Minimum wages as per latest G O
- Bar coding by IMA
- Clinical establishment act
- Revision of insurance tariff
- Manpower deficit
- Fire safety & ramp - alternative's
- Problems related to NABH accreditation
- What are the present measures taken by IMA in this regard

**RESOLUTIONS TAKEN ON 07/04/2018 IN “CRISIS
MANAGEMENT BRAINSTORMING SESSION” MEETING AT IMA
HQ TAMBARAM, CHENNAI.**

1. CLINICAL ESTABLISHMENT ACT :

- We profusely thank the Government of Tamilnadu for bringing in a friendly Clinical Establishment Act. Special regards to Health Minister *Dr.C.Vijaya Bashkar* and Health Secretary *Dr.J.Radha Krishnan, IAS* for being very understanding.
- **REGARDING THE AMMENDMENTS IN CEA:**
 - The competent authority shall be the DMS in the state level and JDHS in the district level.
 - The district advisory committee should also have one member from nursing home board.
 - The word stabilization should be defined as to what can be done as per the level of hospital (primary, secondary, tertiary).
 - Health care is an essential & fundamental right of a person & all small and medium health care organization (upto 50 beds) shall be classified under Essential Infrastructure category.
 - All establishments under Clinical Establishment Act must be manned or owned by a registered medical practitioner.
- All hospital/Nursing homes to be classified a micro/small and medium enterprise.
- Minimum of one qualified staff per Hospital/Nursing home with less than 30 beds is required. For additional staffs, trained staff shall be accepted.

- For hospitals in remote, rural & difficult areas a time extension of a minimum of one year should be given to comply with the Act.

2. INSURANCES:

- Cost analysis to be finished before 7th May under the guidance of Dr.A.K.Ravikumar.The revised costing arrived is to be negotiated with all insurance companies including CM schemes before June 7th.
- Tentatively after June 7th if revised rates are not accepted, cashless service & schemes in all hospitals under NHB shall be withdrawn until further directions.
- All hospitals should atleast charge the suggested rates arrived after cost analysis. They may charge more based on facilities and expecties, but the minimum charges shall not be decreased than the suggested rates. Members not complying shall not be eligible for the benefits, schemes and support from IMA.
- Bio-medical waste charges shall be added to patient's bill.
- Nursing Home Board Accreditation after fixing minimum standards after consultation with various specialities to be made available and shall be tried as an accepted accreditating body for the purpose of insurances.

3. MINIMUM WAGES:

- The revision is promulgating 400% rise in pay from the last revision in 2009 and also exponentially increases the pay structure for administrative staff in health care in comparison with same category of job in other industries.

□ It has been decided to lobby for change in minimum wages.

□ Meetings with Minister and Secretary of Labour are to be planned on 11/04/2018.

□ Legal remedy shall be tried if the lobbying fails.

We thank Labour Advocate Sri Anand from T.S.Gopalan & Co and Dr.Ashokan (Director, GEM Hospital) for coming to the meeting & sharing their experience.

4. BAR CODING:

□ Resolution has been taken that barcoding as insisted by TNPCB will be done by IMA NHB and shall not employ a 3rd party for this purpose.

□ All branches President & Secretaries, Head of all NHB wings of branches & NHB district co-ordinators shall periodically (at least once in a year) visit the common bio medical waste management facility in their respective areas.

□ Letter to be send to all district collector's to include NHB district co-ordinators in district level Bio-Medical Waste monitoring committee as per the Bio-Medical waste management Rules 2016.

□ Awards to be given to branch NHB wings who conduct maximum programmes regarding implementation of statutory norms.

5. FIRE & SAFETY/RAMPS:

□ Time frame for fire safety license to be made once in 3 years.

□ We instruct all the member hospitals to have adequate fire fighting infrastructure and training to all staffs to handle fire crisis. When hospitals have done the fire safety exercise and adequate fire fighting infrastructure is made ramp need not be insisted.

- It has been decided to lobby for acceptance of third party fire safety certification for hospitals built after 2007 where provision of ramp is not possible.
- 6. The resolution is passed to employ one executive secretary permanently to follow up the various proceedings as it would be helpful in case of change of office bearers subsequently.
- 7. The resolution is passed to report in our NHB mobile app (coming shortly) all concessions and free treatments given by our member hospitals.

**SEQUENCE OF EVENTS FOLLOWING BRAIN STORMING SESSION ON
07/04/2018:**

On 08/04/2018 an Executive committee meeting with office bearers was held at *IMA HQ Tambaram, Chennai.*

On 11/04/2018 as decided in the Brainstorming Session, we started lobbying and met the Labour Secretary, Assembly Secretary, Past Labour Commissioner, DD Fire HQ & couple of other Secretaries to the government *at Secretariat, Chennai.*

On 14/04/2018 Cost Analysis meeting under Dr.A.K.Ravikumar was started *at Coimbatore.*

On 17/04/2018 **TEAM IMA 2018** met our beloved Health Minister, Labour Minister, Health Secretary and also attended the state level JD's Meet on Fire Safety *at Chennai.*

On 22/04/2018 **TEAM IMA** addressed hospital issues *at NHB meet at Trichy.*

On 03/04/2018 **TEAM IMA** met our Honourable Health Minister and Chief Minister at his residence. We had an emergency meeting to discuss about subsequent proceedings *at JVL Plaza, Chennai.*

On 04/05/2018 **TEAM IMA** met Honourable Chief Minister, Health Minister and Health Secretary to follow up proceedings *at the Secretariat, Chennai.*

On 07/05/2018 **TEAM IMA** met Commissioner of Labour Dr.Nandagopal & presented supportive documents regarding minimum wages. Our president was particular that IMA meets as one team and not as small, medium & large hospitals which was very effective. The meeting was *at Commissioner of Labour office in DMS Campus at Chennai.*

On 18/05/2018 we met Labour Secretary, Labour Commissioner & Health Secretary to follow up the issues and to invite them for our upcoming NHB meet *at Hyatt Regency on 17/06/2018 at Chennai.*

On 18/05/2018 **TEAM IMA** attended the NHB meet arranged by NHB District Co-ordinators & office bearers of IMA Perambur *at Hotel SRM Grand, Chennai.*

Friends we have a long way to go and united we stand or else we perish, with the kind of problems we are seeing today. What we are seeing is only a tip of the iceberg and much more effort & unity is required to complete the process for a safe and a happy practice.

I did not address anybody in particular as we feel it is **TEAM IMA 2018** which includes all present & past office bearers under the presidentship of *Dr.J.A.Jayalal* who are all taking the best of the efforts to bring justice to our members.

Kindly attend the NHB North Zone Meeting on 17/06/2018 at Hyatt Regency, Teyanampet, Chennai for more updates and to show our strength.

** The registration form is also enclosed.*

Long Live IMA!

NABH by NHB in association with IBHAR

Since the commencement of the IMA NHB – IBHAR handholding program for NABH certification on the 18th Feb 2018, over 100 hospitals have enrolled in this program. Over 50 hospitals have started implementation of which 9 have already applied and many ready to apply in the next few weeks.

We are of the conclusive opinion that hospitals where owners are engaging and driving themselves are showing steady and quick progress.

This IBHAR designed program is to ensure that you not just implement practices but sustain it with NO external dependence. The program has been designed in a manner by which you would be continually urged and mentored to implement practices mandated by NABH standards.

As part of this program you would be empowered and supported by a combination of Daily Calls, Physical and Virtual Training programs and Mentoring support till you implement a culture of continuous improvement and review.

The following is provided as part of the program :

A Tool kit with “What Needs to be Done” which will include - SOPs, Policies, Sample Registers, Forms and Signages where relevant.

- ✦ **Daily calls and Virtual Mentoring to address your queries and provide your leaders with direction.**
- ✦ **Cluster based Workshop for Nursing and Virtual Training for other departments**
- ✦ **Mobile app and tools to Assess, Plan, Record and Monitor using which you will be in a position to easily capture information for your review as well Empower you with the ability to Review.**
- ✦ **Assistance with Checklists and Tools with which you can Monitor adherence to practices within your organization with which you would know your Documentation and Practice compliance**
- ✦ **Ability to understand Patient Experience from Patient Feedback**
- ✦ **Assistance to record, monitor and review Key Outcome arising from your practice**
- ✦ **Assistance with the NABH application process.**

**IDEAL OPPORTUNITY TO CONVERT YOUR
TRAINED STAFF INTO QUALIFIED TECHNOLOGISTS**

Many of our hospitals are fortunate enough to have trained staff who are loyal to the management and dedicated in patients care. They are our real assets and it will be indeed beneficial to invest on them to acquire qualified Diploma/ Degree from a recognised university

IMA TNSB has signed a MoU with PRIST Deemed University, Thanjavur to conduct the following courses.

S. No.	COURSE	DURATION	ELIGIBILITY
1	Diploma in O.T&Anaesthetic Technology	2 years	10 th Pass
2	Bachelor Degree in O.T & Anaesthetic Technology	3 years	12 th pass
3	Diploma in Critical Care Technology	2 Years	10 th Pass
4	Bachelor degree in Critical Care Technology	3 Years	12 th pass
5	Diploma In Medical Records Science	2 Years	10 th pass
6	Bachelor degree In Medical Records Science	3 years	12 th pass

The enrolled candidates can continue to work in the respective NHB Hospitals for their Hands on Training and attend the ContactClasses an Saturday/Sunday at University premises at Chennai, Thanjavur and Madurai.

Annual fees will be Rs.20,000 for Diploma and Rs.30,000 for Degree. IMA will get a share of 40% for course 1 to 4 and 25% for course 5 & 6. Courses will start shortly
