State President Message

Dr. C.N. RAJA
State President, IMA TNSB
Cell: 98427 27277
cnrajaent@gmail.com

My heartiest greetings to all our beloved members.

On 11 & 12.01.2020 - We had all State Presidents and Secretaries Meet at Delhi and presented our plans and projects and this was well appreciated.

On 13.01.2020 - I participated in the IMA CGP Headquarters new Dean installation at Tambaram IMA Headquarters Chennai, along with our National President Dr. Rajan Sharma.

On 15.01.2020 - I was invited to Delhi to discuss on Neonatal Hearing Screening (Automated Acoustic Brainstem Audiometry) portable equipment. It was decided that IMA would be a stakeholder in all health technology assessments.

On 19.01.2020 - I am extremely happy and thank the Govt. of Tamilnadu for having invited IMA TNSB President and Secretary Dr. A.K. Ravikumar on the Pulse Polio programme on 19th Jan at our Honorable Chief Minister Mr. Edappadi K. Palanisamy's residence. This function was graced by presence of Health Minister Dr. C Vijaybaskar and Health Secretary Dr. Beela Rajesh.

The same day we had a brainstorming discussion at Madras ENT Research Foundation at Chennai with Padmashri Dr. Mohan Kameswaran on officially implementing

URGENT - WARNING

and www.imatn.com

the Neonatal Hearing Screening Programme. This was attended by IMA State Office Bearers and ENT Surgeon from various parts of our state.

I participated in the installation ceremony of Marthandam, Erode, Salem, Tuticorin, Chennai South and Poonamalle High Road IMA branches. I wish and greet the new team. Chennai South member M.W Bro Dr. Biswakannan announced Rs. 1 Lakh donation for the Neonatal Screening Programme.

On 21.01.2020 - We had a meeting with our honorable Health Minister and Health Secretary on IMA's contribution in reducing MMR rate. On the same day we participated in State Level Advisory Board on CEA with our DMS Dr. Swathi Rethinavathy. We elaborately discussed on the practical issues on implementing the CEA and issuing of the certificates Dr. A.K. Ravikumar, Secretary and Dr.R.V.Surendran Past President also participated. Soon all the JD's would get proper instructions and guidelines.

21st Morning we had discussion on organ donation standing committee. It was planned to take up a rally with other NGO's. I thank the organ donation standing committee for that initiate.

The same day evening we had meeting with United India Insurance officials along with other corporate hospital executives on revising the package rates of GIPSA.

I congratulate Dr. Shantha Narayanan from Chennai South for

getting a medal in 10 km TATA Mumbai Marathan. She is an example to other doctors.

On 26.01.2020 - Republic Day, awaken India and NHB Conference and West Zone Programme were organized by IMA Coimbatore Branch. We had discussions and deliberations were fruitful. I thank the Coimbatore IMA branch specially Dr. Karthikprabhu, Dr. A.K. Ravikumar and Dr. Shanmuga sundaram for the excellent arrangements.

29th Jan - I attended the FICCI meeting along with our Health Secretary Dr. Beela Rajesh. She highlighted the importance of preventive healthcare.

2nd Feb - The Orientation programme for the West and North Zone branch office bearers was conducted. I thank the honor IMA for their elaborate arrangements.

4th Feb - Cancer Awareness programme was conducted on World Cancer Day. The State programme was conducted at Madurai. I thank Madurai IMA for their cooperation. I appreciate the good work of NHB especially Secretary Dr. S. G. Bala murugan ably supported by Chairman Dr.B.Sridhar.

2nd State Level Medico Legal Conclave 2020 was conducted at Hotel Hyatt, Chennai in an impressive manner with honorable Justice R.K Agarwal, Justice Dr. S. Tamilvanan, Justice Subramonium Prasad. I find that many branches have not updated the new office bearers list and SCM list. Kindly send it to the State Office.

On Feb 16th - We have orientation programme for South and East Zone branch office bearer at Tirunelveli.

On the membership drive I find sluggish activities. Kindly enroll more members especially women doctors as well young doctors. The branches where they have Medical Colleges kindly visit and conduct meetings with young medicals and junior doctors to promote JDN and MSN wings.

**SUPPORT YOUR IMA
TO SUPPORT YOU!**

Long Live IMA.

Dear friends,

I have the great pleasure of writing this month's message as your President elect.

On 18/01/2020 & 19/01/2020 I had the privilege of receiving our past national IMA President Dr. S. Ravi Whankadekar at our Trichy branch. We had good interactive sessions with him.

On 26/01/2020 I participated in the 119th NHB meeting and state level conference at Coimbatore. My congratulations to the outgoing NHB secretary Dr. S. Karthik Prabu for his excellent services especially in minimum wages.

I wish the incoming Chairman Dr. Sridhar and the Secretary Dr. Balamurugan the very best for a successful tenure.

On return on the same day I participated in the installation ceremony of the new team of office bearers under Dr. R. Gunasekaran, President IMA Trichy and Dr. Senthilvel Kumar, Secretary at Trichy. I am sure with all his experience at the state and national levels Dr. Gunasekaran will take Trichy IMA to greater heights.

On 02/02/2020 I visited Hosur IMA to be a part of the Leadership Orientation Program for the branches of north and west zones.

I was amazed at the lovely IMA building they have built for themselves and their hospitality was beyond description.

I participated in the cancer awareness rallies organised by Madurai IMA and NHB on

04.02.2020 and at Trichy on 05.02.2020.

I attended the core committee meeting on minimum wages in

Chennai on 08/ 02/ 2020. We had a useful discussion on the same and also the working conditions of the paramedics.

On 09/02/2020 I participated in the second state level medico legal conclave at Chennai. It was an excellent opportunity for me and others who participated to listen to some of the best legal brains of the country.

I take this opportunity to congratulate Dr. K. Thangamuthu and his team of office bearers Dr. S. Nehru and Kumaresan ably assisted by Dr. N. Muthurajan, Dr. Boopathy and Dr. Anbarasu for the wonderful house full event which will be remembered for a long time.

I am happy to state that our next 75th State Annual Conference – Rockcity TIMACON 2020 will be hosted by IMA Trichy branch on the 12th and 13th of December 2020. I look forward to seeing you all at Trichy in large numbers and make our Platinum Jubilee celebrations a memorable one. **Long live IMA**

With warm regards,
- Dr. P. Ramakrishnan

Dear friends and colleagues,

A budget is telling your money where to go instead of wondering where it went said Dave Ramsey.

We have taken over on the 31st of December and are discussing various ways and means of simplifying our income expenditure. We've had a discussion with our auditor who's given

us a lot of suggestions and will be presented in the upcoming finance standing committee meet on the 22nd in Cuddalore. We've also had a detailed discussion on our tax out go and means of reducing that so as to benefit our association. We'll present it to you all after the committee meeting to update you. Thank you. **Yours in IMA Service!**

Dr.S.Narmada
Secretary
Women's Wing
IMA TNSB

International Women's day is being celebrated every year on March 8th. The uniqueness of this year is that this is the 25th anniversary of the Beijing Declaration and platform for action which is still a very progressive road map charted to empower women. This also marks the 10th anniversary of UN Women's establishment.

The theme of this year is "*I am Generation Equality: Realizing Women's Rights*", which talks about gender equality in all fields. One of the main thrusts in the sustainable development goals is on the equal world. "The equal world is an enabled world". Unless there is an equality of women in all fields progress in any fields cannot be expected to take place.

Inspite of consistent efforts of global leaders and organisations we are still very far from attaining gender equality in any field. There is no country that can boast of maintaining gender balance. The impact of this is on the maternal health, nutrition of women and on their progress. Still women work more are paid less and also are subjected to sexual and domestic violences. The gap between women and men is the widest ever now and unless until gender equality is taken up as a global movement, the dream of empowered people in all strata of society will remain a distant dream.

This is also so true of women doctors who succumb to career and domestic pressures and are forced to be satisfied with a life that they get rather than what they dream.

However, individually we are all responsible for our own thoughts and actions every day. So, unless we challenge stereotypes, fight the biases and improve the situation of women in our surrounding atmosphere the situation cannot improve. Hence lets all collectively work for helping to create a gender equal world.

Let's all be # Each for equal. ■

Glaucoma
Save Your Sight!**

World Glaucoma Week March 10–16, 2019
www.worldglaucomaweek.org

World Glaucoma Week is an initiative for creating glaucoma awareness. This year it is observed between 8th and 14th of March.

Glaucoma is a leading cause of irreversible blindness worldwide and is the 2nd most common cause of blindness in the world. Glaucoma is a group of eye diseases that often steals sight without early symptoms. It can cause irreversible damage to the optic nerve with or without a rise in intraocular pressure. The major risk factor is raised intraocular pressure. Increased pressure within the eye causes damage to the optic nerve which connects the retina to the brain leading to irreversible loss of vision.

Anyone can get glaucoma, but there are several risk factors such as age above 40, ethnicity, family history of glaucoma, medical condition like diabetes, hypertension and certain drugs. Even the new-born and young can get glaucoma.

There are different types of glaucoma, open-angle, closed-angle, a combination of open and closed angle, uveitic, drug-induced and traumatic glaucoma.

At first, **open-angle glaucoma** has no symptoms. It causes no pain. Vision stays normal. Glaucoma can develop in one or both eyes. Without treatment, people with glaucoma will slowly lose their peripheral (side) vision and miss objects on

Dr. V. Thangavelu
Coimbatore

the side. Optic nerve damage can occur in people with normal eye pressure (**low tension or normal-tension glaucoma**)

When fluid cannot drain and leave the eye as in **angle-closure glaucoma** people can develop sudden redness, severe pain and blurred vision.

This is a medical emergency, prompt laser surgery and medicines can clear the blockage, lower eye pressure, and protect vision.

Glaucoma is diagnosed after a comprehensive dilated eye examination, recording the intraocular pressure (Tonometry), measuring the central corneal thickness (Pachymetry), gonioscopy, visual field test and OCT.

Early diagnosis is the key to control the progression of glaucoma. Medicines, laser, conventional surgery, or a combination of any of these are some of the common modalities of treatment. While these treatment modalities may save remaining vision, they do not improve sight already lost from glaucoma.

Early diagnosis and treatment of eye pressure is critical to managing Glaucoma.

An annual comprehensive dilated eye check-up is recommended, it's not just reading the lines on the chart. ■

World Sleep Day.

Hosted by World Sleep Society

MARCH 13, 2020 Better Sleep, Better Life, Better Planet

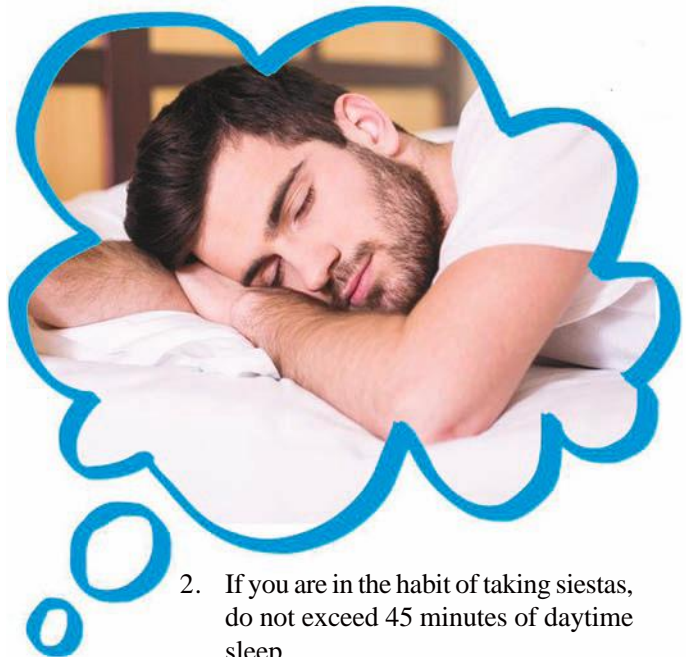

Dr. S. Jayaraman
Chennai

World Sleep Day is an annual event to raise awareness of sleep disorders and the burden that they place on society. The 13th annual World Sleep Day will be held on Friday, March 13, 2020.

- Most sleep disorders are preventable or treatable, yet less than one-third of sufferers seek professional help.
- Sleep problems constitute a global epidemic that threatens health and quality of life for up to 45% of the world's population.
- Better understanding of sleep conditions and more research into the area will help reduce the burden of sleep disorders on society.
- Three elements of good quality sleep are:
 - Duration: The length of sleep should be sufficient for the sleeper to be rested and alert the following day.
 - Continuity: Sleep periods should be seamless without fragmentation.
 - Depth: Sleep should be deep enough to be restorative. In addition to clinical sleep problems, poor sleep habits can cause poor quality sleep in adults. To help improve overall sleep and wellness, World Sleep Society has created:

10 Commandments of Sleep Hygiene for Adults

1. Establish a regular bedtime and waking time.

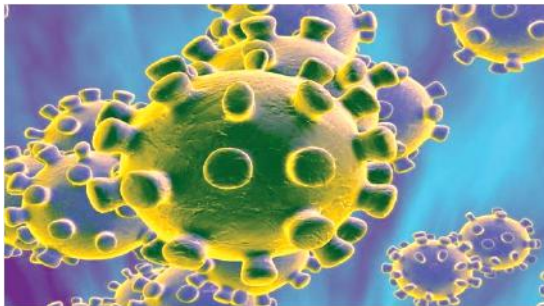

2. If you are in the habit of taking siestas, do not exceed 45 minutes of daytime sleep.
3. Avoid excessive alcohol ingestion 4 hours before bedtime, and do not smoke.
4. Avoid caffeine 6 hours before bedtime. This includes coffee, tea and many sodas, as well as chocolate.
5. Avoid heavy, spicy, or sugary foods 4 hours before bedtime. A light snack before bed is acceptable.
6. Exercise regularly, but not right before bed.
7. Use comfortable, inviting bedding.
8. Find a comfortable sleep temperature setting and keep the room well ventilated.
9. Block out all distracting noise and eliminate as much light as possible.
10. Reserve your bed for sleep and sex, avoiding its use for work or general recreation. ■

Novel Corona Virus (COVID - 19)

Department of Public Health and Preventive Medicine

What is Corona Virus?

- Coronaviruses are a large family of viruses that are known to cause illness ranging from the common cold to more severe diseases such as.
- Severe Acute Respiratory Syndrome (SARS) and
- Middle East Respiratory Syndrome (MERS)
- A new Coronavirus emerged in Wuhan City, Hubei Province in China is called as Covid-19.

Emerging Respiratory Infectious Diseases

- 2002: Severe Acute Respiratory Syndrome Coronavirus (SARS CoV)
- 2009: AH1N1 influenza
- 2012: Middle East Respiratory Syndrome Coronavirus (MERS CoV)
- 2019: Novel Coronavirus (Covid-19)

How do Viruses Emerge?

- Human health, animal health and the state of ecosystems are inextricably linked
- 70-80% of emerging and re-emerging infectious diseases are known to be of zoonotic origin

- Population growth, climate change, increasing urbanization, consumption of raw or semi-cooked meat, international travel and migration increase the risk for emergence and spread of respiratory pathogens.

Where do coronavirus come from?

- Coronaviruses also cause disease in a wide variety of animal species
- SARS-CoV was transmitted from **civet cats** to humans in China in 2002

- MERS-CoV from **dromedary camels** to humans in Saudi Arabia in 2012.
- Covid-19 suspected to be from **sea food market** at Wuhan
- **Several known coronaviruses are circulating in animals** that have not yet infected humans
- A **spill-over event** is when a virus that is circulating in an animal species is found to have been transmitted to humans.

Symptoms

- Mild to severe respiratory illness with symptoms of •Fever •Cough •Shortness of breath
- Symptoms of Covid-19 may appear as early as 2 days or as long as 14 days after exposure.

SUSPECT CASE

A. Patients with severe acute respiratory infection (fever, cough, and requiring admission to hospital) and with no other etiology that fully explains the clinical presentation and at least one of the following:

- History of travel to or residence in the city of Wuhan, Hubei province, China in the last 14 days prior to symptom onset or
- Patient is a health care worker who has been working in an environment where severe acute respiratory infections of unknown etiology are cared for

B. Patients with any acute respiratory illness and at least one of the following:

- Close contact with a confirmed or probable case of Covid-19 in the 14 days prior to illness onset or
- Visiting or working in a live animal market in Wuhan, Hubei Province, China in the 14 days prior to symptom onset, or
- Worked or attended a health care facility in the 14 days prior to onset of symptoms where patients with hospital associated Covid-19 infection have been reported.

PROBABLE CASE

- A suspect case for whom testing for Covid-19 is inconclusive or is tested positive using a pan-coronavirus assay and without laboratory evidence of other respiratory pathogens.

CONFIRMED CASE

- **A person with laboratory confirmation of Covid-19 infection, irrespective of clinical signs and symptoms.**

MODE OF SPREAD

- **Through hands – more than 80 percent**
- After touching the infected surfaces like immigration counter, ticket counter, door handles, handrails of staircases or elevators etc, touching the face, eyes, nose without washing hands

- **Airborne direct transmission – less than 20 percent**

- When a nearby person sneezes or coughs.

Broad Criteria for Lifting of Samples

- Persons with travel history to the Wuhan province in China after 15th January 2020, whether symptomatic or asymptomatic
- Persons with travel history to the rest of China, Hong Kong, Thailand and Singapore with symptoms
- Epidemiologically linked case
- Contacts of positive cases
- As per case definitions
- Samples should be lifted by microbiologist and physician in consultation with the concerned District Surveillance Officer, State Surveillance Officer, Deputy Director (SPHL) and King Institute, Chennai.

	Name & Designation	Contact Number
1.	Dr.P.Sampath State Surveillance Officer – Joint Director Epidemic Control	94430 39941
2.	Dr.S.Raju Microbiologist Deputy Director –State Public Health Laboratory	94443 56151
3.	Dr.K.Kaveri Director i/c, Microbiologist, King Institute of Preventive Medicine	98848 45519

Lab Diagnosis

- **Samples**
- Respiratory material (nasopharyngeal and oropharyngeal swab in ambulatory patients and sputum (if produced) and/or endotracheal aspirate or bronchoalveolar lavage in patients with more severe respiratory disease)

- Serum for serological testing, acute sample (within a week) and convalescent sample (3-4 weeks of illness)
- **Ensure appropriate infection control measures while collecting samples.**

Screening Criteria

- All passengers from all flights from China, Hongkong, Thailand and Singapore are screened universally through thermal screening or infrared thermometers and medical examination
- **All the passengers are followed up daily for two incubation period of 28 days**

EVERYDAY PREVENTIVE ACTIONS FOR EVERYONE

Wash your hands

- **Before, during, after preparing food**
- **Before eating**

Discharge Policy of Covid-19

- Clinical samples of any suspect/probable case of Covid-19 will be sent for laboratory confirmation to designated laboratories
- The case will be kept in isolation at health facility till the time of receipt of laboratory results and given symptomatic supportive treatment as per existing guidelines.

If the Lab Results negative for Covid-19

- The discharge of such patients will be governed by the provisional/confirmed diagnosis and it is up to the treating physician to take a decision
- The case shall still be monitored for 14 days after the last contact with Covid-19 confirmed case.

If the Lab Results are positive for Covid-19

- The case shall be managed as per the case management protocol
- The case shall be discharged only after evidence of chest radiograph clearance and viral clearance in respiratory samples after two specimens test negative for Covid-19 within a period of 24 hours.

Case Transfer Guidelines

- Transfer should be kept to minimum
- Should be transported only by 108 ambulance
- Use appropriate PPE during the transfer.
- Inform the receiving hospital prior to transfer of patients to facilitate appropriate arrangement.
- Contaminated items and equipment should be properly disinfected or discarded
- The used vehicle should be decontaminated after patient transportation.

Patient Placement Guidelines

- In addition to using standard precautions, all individuals, including family members, visitors and HCWs, should use contact and droplet precautions before entering the room where suspected or confirmed Covid patients are admitted.
- Patients should be placed in adequately ventilated single rooms.
- Where possible, a team of HCWs should be designated to care exclusively for suspected or confirmed cases to reduce the risk of transmission
- Limit the number of HCWs, family members and visitors who are in contact with a suspected and confirmed Covid-19 patient.
- Maintain a record of all persons entering the patients room, including all staff and visitors.

COLLEGE OF GENERAL PRACTITIONERS
TAMILNADU

**Dear Colleagues,
Greetings from IMA CGP !**

The IMA TNSB New office bearers Orientation Program for North And West Zone was held on Feb 2nd, 2020 at Hosur and for South and East Zone on Feb 16th 2020 at Tirunelveli . A detailed presentation was given regarding the IMA CGP courses in both the Orientation Programmes.

All the Office Bearers were requested to encourage all the General Practitioners to become members of IMA CGP. Through this I am requesting all the members to become the IMA CGP members by paying just 1000 rupees. You can download the application from our website.

Even the specialist doctors practising in the rural areas can become members and update their knowledge in other Specialities also. I know a lot of Gynaecologist, Paediatrician and Anaesthetists

Dear esteemed members,

Greetings. The pending inspection of the Nursing homes conducting the paramedical courses are being done in this month and hope it will be completed before next month.

To upgrade the syllabus of our courses, to match the advancement in the medical field, a meeting of the faculties of all the courses is to be convened in the month of March/April. Hence, after that the books for the paramedical students will be prepared according to the recommendation of the faculties.

Orientation programme for the branch Presidents and Secretaries had been convened by our State headquarters at Hosur and Tirunelveli, our Joint secretary Dr. B. Jeyakumar had highlighted about our Paramedical wing activities in these meetings.

IMA NURSING HOME BOARD

The Indian Medical Association – Nursing Home Board Tamil Nadu State Branch (IMA-NHB TNSB) organized a Cancer awareness Walk, Programme & Pammimalam on 4th February 2020 in Madurai to commemorate world cancer day which lies on the same day. The theme for the day was “I Am and I Will”. The theme was created to raise awareness of cancer and to encourage its prevention, detection, and treatment.

The Cancer awareness Walk was organized by the IMA in such a way that the awareness walk was conducted in every IMA city in Tamil Nadu by the Local IMA office bearers and members. It was a grand initiative by IMA and we thank both Dr. C. N. Raja, President IMA TNSB and Dr. A. K. RaviKumar, Secretary, IMA TNSB at this time for allowing use to conduct the same. In Madurai the Cancer awareness walk was flagged off by The Collector, Madurai District, Thiru. Dr. T. G. Vinay, IMA Members, Medical Students, Nursing Students participated in the event and carried cancer awareness placards and banners in their hands from Tamukkam Ground, Madurai to IMA Hall, Madurai the epicenter of Madurai. Corporation Commissioner, Madurai, District Thiru. S. Visakan were also present during the awareness walk to show their encouragement and support for the noble cause.

The Final event of the day was an interesting Pattimanram about “the Reason for winning the battle over Cancer for a patient is The Doctor’s Approach or The Family Members Support” the Pattimanram was headed by Dr. A. Manivannan, Assistant Commissioner of Police, Madurai and the Judge was Dr. B. K. C. Mohan

Prasad. A balanced decision of without both Doctor’s and family members support a patient cannot overcome cancer easily was concluded. Many prominent IMA Madurai city branch members participated in the debate which included Dr. S. G. Balamurugan, Dr. D. Maruthu Pandian and Dr. P. Ganesh.

The Cancer day events showcased the most important need to battle the fight against cancer which is to create awareness among public regarding prevention, early detection and the treatment solutions available to fight cancer. With great knowledge comes greater strength.

General Notice: The Data required in IMA-NHB TNSB renewal and enrollment forms has to be filled accurately to your knowledge. FAMILY SECURITY SCHEME OF IMA TNSB

Dr. C. THANGAMUTHU, FSS CHAIRMAN

Cell: 94430 22328 sailootmuthu@gmail.com

Dear Colleagues of
IMA TNSB
and brothers and
Sisters of FSS,

Warm greetings to you all.

On 2nd February we had the opportunity to meet IMA TNSB branch Presidents and Hony. Secretaries of IMA local branches during their orientation program meet held at Hosur. It was a wonderful meet and many useful and practical topics were discussed with a view to make the office bearers aware of their responsibilities and how to carry out the IMA activities and what IMA expects from them.

We from FSS congratulated them for being appointed by IMA TNSB as Representatives of FSS and PPLSSS for their branch. We requested them to explain their members about FSS and the immense benefit it gives to the family of our deceased colleague. We requested them to increase the FSS members' strength in their branch so that we can reach 10,000 total memberships this year as a target fixed by our IMA TNSB President Dr. C.N. Raja.

FSS office staff and office

bearers including myself were contacting our members who have not paid their 24th due. The impression we got was that many of the members were not aware of how FSS works and how much benefit it gives to the family of our colleague who dies. Some compare it to insurance schemes. In insurance, on maturity one gets about the total amount of premium paid. Whereas in FSS, family gets about 10 to 12 times the member has contributed to FSS. Another important factor is that the FSS DFC amount of 18, 00,000/- is given to the family of the deceased immediately on receiving membership certificate and death certificate without any hassle!

All of us have the responsibility to explain the scheme and make non-FSS members to join the scheme. In case of any attack on us,

only our colleagues of IMA come to our rescue- no one else come to the spot. So we have to act as one community of modern scientific medical practitioners and take care of our members and their family.

We are happy that out of 9,475 members in FSS I, about 9,420 have paid their 24th premium and only 50 are yet to pay. We expect them to pay before notice is sent to them. In this juncture we are very happy that 2861. Members have paid their 25th premium of 14,000/- within one month of starting from Jan 2020.

In FSS II, 2720 members have paid their premium and last date is 30.06.2020.

Our motto remains
JOIN FSS – SECURE
YOUR FAMILY – FEEL
FREE TO PRACTICE.

Thanking You.

Dr. C. Thangamuthu
Chairman FSS

உயிரினங்களின் பரிணாமம்

உலகின் தொன்மையான இலக்கண நூல் தமிழின் 'தொல்காப்பியம்'. அதில் ஆறு வகையான உயிரினங்களின் தன்மை பற்றி தொல்காப்பியர் விளக்கியுள்ளார்.

தொடு உணர்வு: ஓரறிவு - புல், பூண்டு, செடி, கொடி. தொடு உணர்வுடன் **சுவை உணர்வு:** (நாக்கு) ஈரறிவு, நத்தை, கிளிஞ்சல். அவற்றோடு **நுகர்தல் உணர்வும்** (மூக்கு) சேர்ந்தால் மூன்றறிவு - ஏறுப்பு, கரையான். இவற்றோடு **ஒளி உணர்வும்** (கண்) சேர்ந்தால் - நான்கறிவு - தும்பி, வண்டு. அவற்றோடு **செவி உணர்வும்** சேர்ந்தால் (காது) ஐந்தறிவு - ஆமை, முதலை, பாம்பு, பறவை, விவாங்கு. **மன உணர்வும்** சேர்வது ஆறறிவு - மனிதன். கிளி, குரங்கு, யானைக்கும் இந்த மன உணர்வு உண்டு என்கிறார் தொல்காப்பியர்.

Dear Colleagues, Warm Greetings from FSS of IMA TNSB,

As on date we have received payments of 25th due of FSSI from 2861 members. This shows the Trust and enthusiasm of our members in our Scheme.

The 2nd due of FSS II is galloping along and only 120 members yet to pay.

In spite of repeated communications and phone calls, we are yet to receive payment from 51 members for the 24th due of FSS I we are trying hard to avoid deletions as far as possible. But we are forced to send the deletion letters to

these members by registered post with acknowledgement due, to pay their dues.

I am very happy to say that our members have responded positively to pay Rs.14000/- as the 25th advance of FSS I, understanding that the Death claims are on the rise. My sincere Thanks to members for the same.

Please do send in your ideas and suggestions for the betterment of the Scheme. We sincerely look forward for the same.

Thanking You, Yours in IMA service

அருளில்லார்க்கு அவ்வுலகம் இல்லை பொருளில்லார்க்கு இவ்வுலகம் இல்லாகி யாங்கு (குறள் 247)

பொருள் இல்லாதவர்களுக்கு இந்த உலகமே இல்லை என அய்யன் வள்ளுவரே மேற்கண்ட
குறளில் கூறியுள்ளபடி Medico Legal Conclave-2020-யை நடத்த பொருளாதாரம் மிக முக்கியம்
என்பதை நாம் அனைவரும் அறிவோம். PPLSSS-ல் 12 கோடிக்கு மேல் பணம் இருந்தும் அதில்
ஒரு பைசாவைக் கூடத் தொடாமல் உறுப்பினர்களாகிய நீங்கள் கொடுத்த நன்கொடையை
மையமாகக் கொண்டு இந்த Conclave-வை நாங்கள் முடித்துக் காட்டியுள்ளோம்.

பலர் கூடி தேர் இழுத்து, தெய்வத்தை அதன் நிலைக்குக் கொண்டு வந்ததால்தான் அந்தத்
தெய்வத்திற்கும் பெருமை; அதில் பங்குகொண்ட பக்தர்களுக்கும் பெருமை. இதனாலேயே
உறுப்பினர்களின் நன்கொடையைப் பெற்று Medico Legal Conclave-2020-வை நடத்தினோம்

என்பதை பணிவுடன் தெரிவித்துக்கொள்கிறேன்.

தர்மபுரியைச் சேர்ந்த மருத்துவர் தரணிதரன்
ரூபாய் இரண்டு லட்சத்தை நன்கொடையாகக்
கொடுத்துள்ளார் என்பதை மகிழ்ச்சியுடன் தெரி
வித்துக்கொள்வதுடன், IMA மற்றும் PPLSSS
நிர்வாகிகளின் சார்பாக என் மனமார்ந்த நன்றியை
அவருக்குத் தெரிவித்துக்கொள்கிறேன்.
