Dr. C.N. Raja, IMA State President discussing online with our Hon'ble Chief Minister Thiru Edappadi K. Palaniswami at Expert Committee Meeting on 29.08.2020

Met the Hon'ble Health Minister Dr. C. Vijayabaskar and Health Secretary Dr. Radhakrishnan at Coimbatore on 23.08.2020.

FIGHT COVID - 19 WITH CONFIDENCE

WORLD HEART DAY 29 SEP

OCTOBER 2 - IMA ANTI-QUACKERY DAY

State President Message

Respected seniors and my dear friends greetings. I hope and pray for your health and happiness. We are all fighting with COVID and we should continue this to conquer this invisible enemy.

On August 17th

Past presidents forum zoom meeting was conducted with single point agenda.

That is to get solatium from the State and Central Governments. Past Presidents whole heartily appreciated the work done by the State office during this pandemic I thank for the seniors appreciation. We passed the resolutions to Government.

AUGUST 18th

We had Emergency Executive Committee Meeting at Trichy. I Thank Trichy IMA for arranging it with all the protocols. We passed many important resolutions.

1. Insisting the Government to sanction 50 lakhs solatium to the departed doctors family.
2. IMA TNSB to give 2 lakhs to the family of doctors who died during the COVID pandemic. This would be done along with the Wings and Schemes contributions.
3. Insisting Government to increase the number private labs for RT PCR and make sure the availability of antiviral drugs through out the State.
4. COVID Treatment packages should be revised by the Government.
5. All IMA TNSB Trusts should be Re registered as per Government notification.
6. Annual General Body Meeting should be fixed after discussing with the Registrar of Society.

Many of our members requested to appeal to TNMC on extension of time for updation and reduction in the penalty for not registering their additional qualifications. For which I have written a letter on 19th of August to TNMC. And the further I have

Dr. C.N. RAJA

State President, IMA TNSB

Cell: 98427 27277

cnrajaent@gmail.com

formed a high level committee to go on into these issues. Their recommendations have been represented to the Tamilnadu Medical Council. Now the Council extended the dates for 2 months. Hope they would reduce the penalty amount and make the procedure simpler.

On August 29th I once again had a video conference meeting with our Honorable Chief Minister Thiru Edappadi K Palanisamy. I have insisted to further relaxation of the lock down. To increase the private testing facilities, to be proactive in getting the vaccine for the Health care workers at the earliest when it is available. Also requested to give permission for plasma therapy in private sector. Once again appealed him to give solatium for Doctors families who have sacrificed their life in fight against COVID.

I appreciate IMACGP and AMS for conducting regular Webinar sessions with interesting topics. The attendance is good and I request them to use this opportunity to increase the membership.

We have received complaints from our members that Insurance companies forcing them to treat the COVID patients with the Government package rates. This we have taken

up and said that we cannot treat the COVID patients insured with the private insurance companies same as that of the Government rates. We had good and fruit full two rounds of discussion with Star Health Insurance and they have agreed for revised and better packages. I sincerely thank Dr.S.Prakash MD of Star Health Insurance and his team. I also thank Dr. A.K. Ravikumar, Dr. B. Sridhar, Dr. S.G. Balamurugan and Dr. S. Karthick Prabhu for their support and inputs. I request our members to await for the announcement for Star. By the time when you read this the new rates would be enforced for the entire State by the Star Health Insurance. I consider this is a milestone in the long term relationship with Star Health Insurance.

On 9th September I have received a call from the Project Director of TNHSP to once again submit the list of private Doctors died due to COVID with supporting documents. State Secretary immediately submitted the necessary documents to the Project director and to DMS for necessary action to claim for the Insurance amount of 50 lakhs under Pradhan Mandri Garif Kalyan Insurance package. Further details would be announced by the State office. I request the Branch presidents and Secretaries to provide necessary information and assistance to the family of Doctors to claim the Insurance amount.

We are requesting the Branch presidents and secretaries to apply for the Rs 2 lakhs solatium to the family of the Doctors died due to Corona with your recommendation and necessary documents with legal heirs certificates. Kindly contact State office for further information.

On 20th September after a long time we have the in person Management Committee meeting of FSS, PPLSSS and NHB at Erode.

Dr. A.K. RAVIKUMAR

State Secretary REPORT

Cell: 98422 22404 drakrkima@gmail.com

Dear all Greetings from IMA State office. First of all I thank one and all for virtually blessing my Daughter on the eve of her Wedlock on 30 September. Sorry CORONA restricted the proceedings from what it should have been.

Glad to inform that state government has finally come forward to forward the applications of all the private doctors who have succumbed to COVID to the central government for insurance amount of 50 lacs may we request all the branch presidents, secretaries and the nodal officers to help the Heirs of doctors in filling the format and submit to the concerned district Joint Directors immediately before 20th September. We have already mailed the details to all branches. IMA TNSB has come forward give a solatium of Rs Two LAKHS to IMA drs who lost the COVID battle. The application form is enclosed in this magazine and also available with all branches and our web site.

As of now there is no permission to conduct Annual GB Virtually by a Registered Society.

We will have to wait for the GO.

By now many of our colleagues would have won the battle against covid either with symptoms or without symptoms.. Humble request to all of you to please fill up

the attached google form and if willing for plasma donation please consent so that many lives could be saved.

We are planning to start new course on INFECTIOUS DISEASE for General practitioners. Please wait for the announcement.

Diabetic Foot course will be started on line by the end of this month. May we request more people to come forward and join.

Many branches are conducting regular virtual events, CMES, cultural, etc and sending reports.

Congratulations to IMA ATHUR, CHENNAI SOUTH, Coimbatore Marthandam, Namakkal, erode, Thambaram, Tirupur, mettupalayam, Pollachi, Poonamalle high road, Tirunelveli, Vellore, Villupuram, tuticorin, Madurai, and many more who regular. Many branches are in slumber. Please wake

up. Awards are waiting for you Cheer up Doctors. Be confident and fight the COVID. Thanks to many who have come forward and started COVID centers in various locations.

We thank Star insurance Dr. S. Prakash, NHB TNSB Team, Dr. S. Karthick Prabhu Insurance Co-ordinator for helping and coordinating for the revision of COVID rates for our member hospitals. ■

State President Elect

Dr. P. RAMAKRISHNAN

State President Elect, IMA TNSB

Ph: 9842491919

drramakrishnan45@gmail.com

Dear Friends

It gives me great pleasure to write you again as President Elect. Let us focus on issues at straight away. I have been already discussing issues related to PPLSSS accounts. In the previous edition I had demanded stern action against the manager of the guest house. Meanwhile the PPLSSS auditor, who went through the accounts has come out with certain observations.

Let me quote a few:

1. ROOM RENT COLLECTION: "A statement containing the room rent collections bill wise were jotted into a spread sheet and forwarded to the state office on monthly basis (Which means that she can manipulate the rental collection in whatever way she wanted). During my personal visit it was noticed that "manual Guest Ledger has been maintained as per the guidelines prescribed ONLY from March 2020".

2. CASH BOOK: Cash book was maintained and the *monthly expenses have been aggregated and entered on the last day of the month*. (Again an opportunity to mishandle money) *The Physical cash Balance at any point of time could not be known under this system of accounting*. The canteen collections by cash are jotted in a chitta Ledger and held separately. *It is suggested that a common cash Book is maintained in columnar form* indicating room rent collections and canteen collections with their related expenses.

3. SALARIES: Salaries are paid by cheques or NEFT to the Concerned employees a/c.. *The Overtime and extra wages paid is as per the computation of the manager and no further document in support of the working is produced before me for verification*.

4. LAUNDRY EXPENSES: This expenditure is supported by *self created vouchers* only signed by the office manager and the employee. These are *not supported by the list of items laundered date wise*. Though a register is maintained to show the no. of items sent for laundry, in the absence of bills from the launderer regarding the no. of items laundered *it is not possible to verify the correctness and genuineness of the payments made to the launderer*. Moreover the items to be laundered is moved to Sankara Heritage for Laundry and the laundered items are moved back to JVL involving transport Charges

5. REPAIRS AND MAINTENANCE: These are verified with *self created vouchers* along with purchase bills of materials and vouchers signed by the workmen for receipt of labour charges.

6. STATIONERY: Rs. 47532/- in JVL and Rs. 1800 in GH. *The expenses under this head seems on the higher side at JVL*. On scrutinizing the bills, jottings, estimate slips etc., it is noticed that purchase of consumables like batteries for Remotes, Mosquito mats and fuels, soaps, hand wash sanitisers etc were purchased and included. It is not identifiable whether these purchases were for JVL alone or both the guest houses. *The Manager to Clarify*

7. CANTEEN EXPENSES: This expenditure is supported by *self created voucher* on the last day of the month signed by the manager and employee. The self created voucher is supported by numerous jottings for purchase of vegetables / provisions, purchased from petty shop owners. In some case *the jottings are illegible, such that the items purchased could not be identified*. All these jottings were totaled and attached to the *self created vouchers*. In some cases *totaling mistakes were made and excess claims made*. These mistakes were not checked by the office staff at Kallakurichi. In his further notings, the auditor has mentioned that 1. There is *an excess of expenditure of Rs. 1,23,000/- over income in the guest house accounts*. 2. There's *negative balance for consecutive five months* in the income - expenditure. 3. No accounts have been submitted for the month of March. You can see the auditor is not happy with many things happening in the guest house and demands that the manager needs to clarify. I again take this opportunity to demand the strictest action against the manager of the guest house of PPLSSS and seek immediate suspension of her from service. Also I recommend that a state coordinator with previous experience of working in PPLSSS accounts may be appointed to help the internal audit committee for rectification of the accounts until a new team of office bearers take over

Next area of concern will be FSS. Already 70 deaths have occurred during this year and

payment made. This has already been more than what has been collected as 25th advance. And we have four more months to go. We have three options:

1. Go for a floating method of collection in which the collected amount will vary from time to time depending on the number of deaths with Rs. 200 per death. (This is already stated in the bylaws of FSS). 2. Go for a fixed subscription of 100 deaths in a year (100x200) which is Rs.20,000/- per advance. 3. Third one will be to advance the 26th due to November. The above issue will be discussed in the forthcoming management committee meeting and also in FSC meeting on September 20, 2020.

FSS has been a great help to families facing financial trouble especially in the current pandemic situation and many said the money helped them pay the Hospital bills. It's our paramount duty to see to it that the scheme is kept viable by all means. In the current situation, the payments made to bereaved families outweigh the subscription collection and if this continues, the corpus fund will be eroded. Suggestions are welcome.

Last but not the least, the annual conference will take place as scheduled on 12th and 13th of December in Tiruchy, and the number of participants will depend on the rules and regulations of the state government during the particular time. As of now, my Idea is to keep it strictly an official event and invite only the key office bearers- president, secretary and SCM members of a branch to the conference. The event will start with awards function in the afternoon post lunch, followed by the installation of the new office bearers. The SCM meeting will be held the next day. I intend to conduct the academic sessions as a separate event during a mid year conference by which time I hope we would have put an end to the pandemic effectively. Such a conference will be a grand gala event. This revised proposal will also be discussed on 20th September.

I take the opportunity to convey my best wishes to all the contestants who have filed nomination for the national elections. Ultimately it's a victory for democracy. Long live IMA. ■

STATE FINANCE SECRETARY MESSAGE

Dear friends and colleagues,

It's been a very difficult month with the Covid spread being Pan Tamilnadu and now almost all Tier 2 and 3 towns are being equipped and able to manage this rise in number of cases. In the Trichy EC and FSC meeting it was decided that, We have to Re-register the trusts as warranted by the Central Govt. It was also decided that all the covid martyrs of IMA would receive a solatium of 2 lakhs from the action fund. We have amalgamated 17 FD's with Rs.1.48 Crore to 2 FD's with the same amount. we are under the process of amalgamation as and when the FD's mature. The Expenditure on account of TIMA printing and postage of 25,500 copies is Rs.3,50,000. Please do support by getting advertisements or sponsors. No major expenses as of the last month but for the salary in the Chennai and Coimbatore offices.

Stay Safe and Practice Safe. Wishing all good health and blessings.

Thanking You, Yours in IMA service.

Dr. N.R.T.R. THIAGARAJAN

Cell: 98944 47717 nrttheni@gmail.com

September 21

World Alzheimer's Day 2020

Alzheimer's dementia day is celebrated worldwide on September 21st to create awareness and to educate the public and care givers. On this regard we are writing this article.

Introduction:

Dementia is a progressive neurodegenerative disorder characterised by gradual cognitive decline and functional deficits as well as behavioural changes. Four primary dementia classification have been used according to clinical and research criteria. 1. Alzheimer's disease. 2. vascular dementia. 3. Frontotemporal dementia. 4. Dementia with Lewy body / parkinsons disease.

Alzheimer's disease accounts for 60% of all dementia. It is the most common and devastating neuro degenerative disorder.

It is a disease of old age often more than 70 yrs

Dr. V. Arul Selvan

MD., DM (Neuro)
MRCP(UK) FRCP(Lond)
Consultant Neurologist,
Royal care super
Speciality Hospital, Coimbatore
Consultant Neurologist
arul441@hotmail.com

and women tends to be affected more. It is associated with accumulation of amyloid and Tau deposition in the brain. Cognitive symptoms of Alzheimer's disease include short term memory loss, executive & visuo spatial dysfunction and Praxis. clinical assessment including mini mental state examination and other cognitive batteries remains critical for the diagnosis and staging. Amyloid imaging and genetics show great promise for facilitating for early

diagnosis and to differentiate from other neuro degenerative disorders. The needs of individuals affected by dementia are extensive and the management of the clinical syndrome is complex, extending beyond traditional bounds of medical practise. Dementia is characterised by significant impairments in multiple cognitive domain and

behavioural changes. This places a tremendous burden on the individuals, carers and society.

CLINICAL FEATURES:

Mild cognitive impairment:

Clinical Alzheimers dementia is often preceded by prodromal phase called as mild cognitive impairment. This refers to minimal memory impairment with relatively preserved activities of daily living. The individuals with MCI progresses to alzheimers dementia rate of approximately 1-2% per year.

Three features are common to dementias. First is cognitive impairment including memory loss.

Short term memory loss is the most common feature of AD while long term memory, working memory and semantic memory will be preserved till the last stage. Word finding difficulty and executive dysfunction are also common early symptoms. Aphasia, apraxia, agnosia, attentional difficulties and executive functional impairment.

Neuropsychiatric symptoms comes as second. They are referred as behavioural and psychological symptoms of dementia(BPSD). They include depression, paranoid ideas, delusions, hallucinations, aggression and wandering. More symptoms include apathy, anxiety and irritability are also common, often provoked in challenging situations. Disturbances of appetite, disinhibition, hallucinations and delusions commonly occur at the later stages of dementia. DSM-5 criteria sets the diagnostic criteria for the diagnosis.

The third clinical feature includes deficits in activities of daily living(ADL). In the early stages of dementia impaired instrumental activities of daily life (IADL), may manifest including self neglect, poor eating, personal hygiene. Later on basic activities of daily living(BADL) are often impaired presenting with problems in dressing, eating and bathing.

Bio markers in Alzheimer's disease:

CSF amyloid and tau protein levels are most established AD biomarkers. CT scan or MRI of the Brain will exclude treatable disorders such as brain tumor, SDH and normal pressure hydrocephalus. Amyloid PET imaging is a recent advancement in the diagnosis of AD. This detects amyloid deposition even in prodromal stage. This imaging technique has high sensitivity and specificity.

Genetics:

APOE4 gene variant is the most established genetic risk factor for sporadic AD. One copy of the this genetic variant increases the odds for developing AD three fold and two copies increases the odds to 15 folds.

Treatment:

The management should include diagnostic and prognostic counselling to the patient at an early stage and also to the carers. It is important to encourage the patients to participate in social activities , day care centres and support groups.

Two classes of medications have been approved. The acetyl choline esterase inhibitors and NMDA receptor antagonists. Donepezil, Rivastigmine and galantamine. They should be started either alone or in combination in mild to moderate AD as per American academy of Neurology practice guide lines for dementia. All three of them shown to be effective in double blinded placebo controlled trials. It shows some benefit in memory and concentration as well as global and functional outcome measures. Side effects include nausea, vomiting and bradycardia.

Memantine, a NMDA receptor antagonist is an add on therapy to acetyl choline receptor antagonists. The main side effects are confusion and dizziness.

Associated depression can be treated with SSRI like citalopram. It has low anticholinergic effects. Agitation or disruptive behaviour require newer anti psychotic medications like quetiapine, risperidone and olanzepine. They are often started in lower dose and carefully titrated.

Future therapies:

The majority of current trials focus on interventions that directly influence the pathologic cascade of AD. One active immunisation trial has to be interrupted due to development of neuro inflammation in a patient. Current major efforts are focussed on passive immunisation as well as interference with B -amyloid and tau production and polymerization.

Conclusion:

AD is an irreversible neuro degenerative disorder. Although we are now able to diagnose AD in the early and prodromal stage we are still lacking preventative or disease modifying medications that can alter its course. ○

World Rose Day: A Day To Bring Happiness In The Lives Of Cancer Patients

World Rose Day is observed in the memory of 12-year-old Melinda Rose from Canada who was diagnosed with Askin's Tumour, a rare form of blood cancer.

September 22 is observed as World Rose Day, for bringing happiness in the lives of people around the world who are fighting with cancer. It's also a day to spread awareness about the disease. On World Rose Day, hand-made roses, cards and gifts are offered to cancer patients. Special events are organised to give strength to those suffering from cancer. Rose, a symbol of love, tenderness and concern, is offered to cancer patients to give them strength as they face the cancer battle.

World Rose Day is observed in the memory of 12-year-old Melinda Rose from Canada who was diagnosed with Askin's Tumour, a rare form of blood cancer.

Melinda Rose small life touched the lives of many. She, till her last breath, did not give up hope of survival. In the last six months of her life, she continued to fight and made each day count by touching the lives of those around her in a positive way.

World Deaf Day 2020

World Deaf Day 2020 would be celebrated on the 27th of September i.e., the last Sunday of the month.

World Deaf Day

- World Deaf Day is celebrated every year on the last Sunday of September with the aim to draw attention of general public, politician and development authorities towards the achievements of the deaf people as well as deaf people community.
- Throughout the celebration, all the hearing impaired organizations worldwide are encouraged greatly to fulfil the demands and needs of the deaf people as well as increase their rights in the society, worldwide.

END RABIES: COLLABORATE, VACCINATE

28 - September is World Rabies Day

It is celebrated annually to raise awareness about rabies prevention and to highlight progress in defeating this horrifying disease. 28 September also marks the anniversary of Louis Pasteur's death, the French chemist and microbiologist, who developed the first rabies vaccine.

Today, safe and efficacious animal and human vaccines are among the important tools that exist to eliminate human deaths from rabies while awareness is the key driver for success of communities to engage in effective rabies prevention.

World Heart Day 2020

**WORLD
HEART
DAY** 29 SEP

Use Heart ...
for society,
your loved
ones and you

We are living in unprecedented times. The COVID-19 pandemic has shone a spotlight on the healthcare profession, national healthcare systems and our individual responsibilities – for our own health and for the vulnerable in society.

We don't know what course the pandemic will take in the future but we do know that taking care of our hearts right now is more important than ever.

So this year on 29 September, our campaign is asking the world to:

USE  **TO BEAT** 

Cardiovascular disease (CVD) is the number one cause of death on the planet. It has many causes: from smoking, diabetes, high blood pressure and obesity, to air pollution, and rare and neglected conditions such as Chagas Disease and cardiac amyloidosis.

In the time of COVID-19, CVD patients are faced with a double-edged threat. Not only are they more at risk of developing severe forms of the virus, but they may also be afraid to seek ongoing care for their hearts.

Use Heart is about using ...

Your head

To understand what it takes to live a heart healthy life and to act on that knowledge, changing your behaviour for a better quality of life now and in the future.

Your influence

As an individual to set an example for your loved ones.

As a healthcare professional to help your patients make positive changes for their heart health.

As an employer to invest in the heart health of your employees.

As a government to implement policies and initiatives that will lead to better societal heart health, such as sugar taxes, smoking bans and reducing air pollution.

Your compassion

To look beyond the self and act in ways that support the most vulnerable in society; those with underlying heart-related conditions that may put them at greater risk in the time of COVID-19.

International Day of Older Persons

1 October

The 2020 theme aims to:

- Inform participants about the strategic objectives for the Decade of Healthy Ageing.
- Raise awareness of the special health needs of older persons and of their contributions to their own health and to the functioning of the societies in which they live.
- Increase awareness and appreciation of the role of the health care workforce in maintaining and improving the health of older persons, with special attention to the nursing profession
- Present proposals for reducing the health disparities between older persons in the developed and developing countries, so as to “Leave no one behind”.
- Increase understanding of the impact of COVID-19 on older persons and its impact on health care policy, planning, and attitudes.

OCTOBER 2

IMA ANTI QUACKERY DAY

Message from Chairman Quackery Eradication Committee.

Greetings. Committee met twice, one meeting through Zoom and another in person at Salem IMA. After elaborate deliberations, the committee shared by the President Dr. C.N. Raja, has authorised chairman Quackery Eradication programme Dr. K. Prakasam to draft a quackery eradication and crosspathy prevention bill. The chairman after taking inputs from the past Presidents Dr. K. Vijayakumar, late Dr. K. R. Balasubramaniam and other members of the committee has drafted Bill and the same is scrutinized by Lawyer Dr. Cheran and sent to State President and State Secretary. The bill will be presented to Minister after the approval of State office. Thank you.

- Dr. K. Prakasam

போலி மருத்துவர்களின் அத்துமீறல்களும், சட்டங்களும்

1. இந்திய மருத்துவக் கவுன்சில் சட்டம் - 1956 (Indian Medical Council Act - 1956)

இச்சட்டத்தின் 15-ம் பிரிவு 2-ம் உப பிரிவின்படி

- இந்திய மருத்துவக் கவுன்சிலில் பதிவு செய்து, சான்றிதழ் பெற்றவர்கள்தாம் மருத்துவராகப் பணியாற்றலாம். மற்றவர்கள் அலோபதி சிகிச்சை செய்யக்கூடாது.
- இச்சட்டத்தின் பிரிவு 15, உப பிரிவு 3-ன்படி **மேற்கூறியபடி** இந்திய மருத்துவக் கவுன்சிலில் பதிவு செய்யாமல், சான்றிதழ் பெறாமல் மருத்துவச் சிகிச்சை செய்பவர்கள் ஒரு வருடம் வரை சிறைத் தண்டனை பெறவும், அபராதத் தொகையாக ரூபாய் 1000 வரை கட்டவும் இப்பிரிவு வகை செய்கிறது.

ஆகவே, இச்சட்டத்தின்படி உரிய சான்றிதழ் மற்றும் உரிமம் பெறாமல் அலோபதி சிகிச்சை செய்யும் போலி மருத்துவர்கள் சிறைத் தண்டனை மற்றும் அபராதத்திற்கு உள்ளாவார்கள்.

2. இந்திய மருத்துவப் பட்டங்கள் சட்டம்-1916 (Indian Medical Degrees Act - 1916)

இச்சட்டத்தின் பிரிவு 6-A யின் உப பிரிவு 1-ன்படி

- எந்த ஒரு மனிதரும், அவரது பெயரில் பின்னால் எந்த ஒரு பட்டத்தையும் முறையாகப் பெறாமல் போடக்கூடாது.

- அவ்வாறாக போடப்படும் மருத்துவப் பட்டம் இந்திய அரசால் அங்கீகரிக்கப்பட்ட மையங்களால் கொடுக்கப்பட்டதாகவும், இந்திய மருத்துவக் கவுன்சிலால் அங்கீகரிக்கப்பட்டதாகவும், அவ்வாறான சான்றிதழ்கள் வழங்க உரிமம் பெற்ற நிறுவனங்களால் மட்டுமே கொடுக்கப்பட்ட பட்டங்களாகவும் இருக்க வேண்டும். மற்ற பட்டங்களை யாரும் பெயருக்குப் பின்னால் போடக்கூடாது.
- இதை மீறி அங்கீகரிக்கப்படாத பட்டங்களையும், அங்கீகரிக்கப்படாத நிறுவனங்கள் கொடுக்கும் பட்டங்களையும் போட்டுக் கொள்பவர்கள், முதல் முறையாகக் குற்றம் செய்யும்போது 250 ரூபாய் வரை அபராதமும், இரண்டாம் முறை மீறுபவர்கள் 500 ரூபாய் வரை அபராதமும் கட்ட வேண்டும்.

போலி மருத்துவர்கள் போலியான அல்லது பொய்யான பட்டங்களையே போட்டுக் கொள்கின்றனர். மேலும் அங்கீகரிக்கப்படாத மையங்களால் வழங்கப்படும் பட்டங்களையே போட்டுக் கொள்கின்றனர். எனவே, இவர்கள் அனைவரும் இச்சட்டத்தின்படி தண்டனைக்கும், அபராதத்திற்கும் உரியவர்கள் ஆகிறார்கள்.

3. Drugs and Cosmetics Act - 1940

இச்சட்டத்தின் பிரிவு - 27ன் படி

- எந்த ஒரு மனிதரும் உரிய உரிமம் பெறாமல் மருந்துகளை உற்பத்தி செய்யவோ, விற்பனை செய்யவோ, பாதுகாக்கவோ, பிறருக்குக் கொடுக்கவோ கூடாது.
- இப்பிரிவின் உப பிரிவு படி மேற்கூறிய குற்றத்தைச் செய்பவர்களுக்கு ஓராண்டு முதல் மூன்று ஆண்டுகள் வரை சிறைத் தண்டனையும், ரூபாய் 5000த்திற்கு மேல் அபராதமும் விதிக்கப்பட வேண்டும் என்றும் வரையறுக்கப்பட்டுள்ளது.

போலி மருத்துவர்களுக்கு அலோபதி மருந்துகளை விற்பனை செய்வதற்கோ, சேமித்து வைப்பதற்கோ, உற்பத்தி செய்வதற்கோ உரிமம் இல்லாததால் அவர்கள் இந்தச் செயல்களைச் செய்து கொண்டிருந்தால் அவர்களும் இத்தண்டனைக்கு உரியவர்களாகின்றனர்.

மேலும் இபிகோ பிரிவுகள் (IPC Sections) 416, 417, 418, 419, 471, 23, 24, 25, 43, 44, 269, 270, 336, 337, 338 படியும் இந்தப் போலி மருத்துவர்கள் தண்டனைக்கு உரியவர்களாகின்றனர்.

இப்படியாக பல சட்டங்களை மீறி மக்கள் உயிருக்கும், ஆரோக்கியத்திற்கும் உலை வைத்துக் கொண்டிருக்கும் போலி மருத்துவர்களுக்கு எதிராக ஒரு 'போலி மருத்துவத் தடைச்சட்டம்' (Anti - Quackery Law / Bill) செய்தால் மட்டுமே இந்தப் போலி மருத்துவர்களை ஒழித்து, ஆரோக்கியமான ஓர் இந்தியாவை உருவாக்க முடியும். ஆனால் நமது அரசாங்கம் மிக முக்கியமான ஒரு மக்கள் நல பிரச்சினைக்கு, உரிய நடவடிக்கை எடுக்கவில்லை என்பது மனதுக்கு வேதனையளிக்கக்கூடிய ஒன்றாகும்.

இது இந்திய மருத்துவச் சங்கத்தின் பிரச்சினை யல்ல; இது ஓர் இந்திய குடிமகனின் பிரச்சினை! எனவே, இந்தப் பிரச்சினையில் தொண்டு நிறுவனங்களும், அரசியல் கட்சிகளும், பொதுமக்களும் இணைந்து போராடி, 'போலி மருத்துவத் தடைச்சட்டம்' உருவாக்க அரசாங்கத்தை வேண்டுவோமாக.

**இணைந்து செயல்படுவோம்,
வெல்வோம்!**

அலோபதி முறையில் (ஆங்கில மருத்துவம்) மருத்துவத் தொழில் செய்ய தகுதி வாய்ந்த மருத்துவர் என்பவர், இந்திய மருத்துவக் கவுன்சிலின் அங்கீகாரம் பெற்ற மருத்துவக் கல்லூரியில் முறைப்படி M.B.B.S. பட்டம் பெற்று, அதன் பின் தமிழ்நாடு மருத்துவக் கவுன்சிலில் தனது தகுதியையும், பெயரையும் பதிவு செய்து, அதன் மூலம் தமிழ்நாடு மருத்துவக் கழக பதிவேட்டில் பதிவு பெற்று, அதன் பின் அக்கழகத்தின் சான்றிதழைப் பெற்று, மேற்படி மருத்துவத் தொழில் செய்யும் ஒரு மருத்துவர் ஆகின்றார்.

**இந்திய மருத்துவச் சங்கம்
தமிழ்நாடு க்களை**

இப்படியாக அல்லாமல், இந்திய மருத்துவக் கவுன்சிலின் அங்கீகாரம் இல்லாத போலி பட்டங்களை வைத்துக்கொண்டு, தமிழ்நாடு மருத்துவக் கவுன்சிலில் பதிவு செய்து சான்றிதழ் பெறாமல், அலோபதி சிகிச்சை செய்யும் அனைவருமே போலி மருத்துவர்கள்தாம்.

போலி மருத்துவத்தை தற்போது தமிழகத்தில் மிக அதிகமானவர்கள் பணம் சம்பாதிக்கும் ஒரு வழிமுறையாகக் கையாண்டு வருகின்றனர் என்பதுதான் உண்மை நிலை. ஏராளமான அப்பாவிப் பொதுமக்கள் இந்தப் போலி

**தேவை, ஒரு போலி மருத்துவத் தடைச்சட்டம்
(Anti - Quackery Law / Bill)**

மருத்துவர்களால் தவறாக நோய் கண்டுபிடிப்பதாலும், தவறான சிகிச்சையாலும் பல வழிகளில் ஆரோக்கியத்தை இழந்து இன்னலுறுவதுடன், உயிரையும் இழக்கக்கூடிய நிலை இன்று தமிழகத்தில் தலைவிரித்தாடுகின்றது என்பது யாராலும் மறுக்க முடியாத ஒன்றாகும். இதைவிட மிகக் கொடுமை என்னவென்றால், இந்தப் போலி மருத்துவர்கள் அறுவைச் சிகிச்சை என்ற பெயரில், மக்களது அறியாமையைப் பயன்படுத்தி மக்களது உயிரை மாய்க்கின்றனர். இன்னும் சிலர் ஆயுர் வேதா, ஹோமியோபதி, சித்தா, யுணானி போன்ற துறைகளில் பயின்று, எந்தவித அலோபதி மருத்துவ அறிவுமின்றி அலோபதி முறையில் சிகிச்சை அளிக்கின்றனர். இதுவும் போலி மருத்துவமே.

அடிப்படை உரிமைகளில் ஒன்றான எல்லோரும் சுகமாக வாழ வேண்டிய உரிமைக்கு, போலி மருத்துவர்கள் கட்டாயமாக தடையாகத்தான் இருக்கின்றார்கள். ஆகவே, இந்திய மருத்துவக் கவுன்சில் சட்டம் - 1956 (Indian Medical Council Act - 1956)-படி உரிய சான்றிதழ் மற்றும் உரிமம் பெறாமல் அலோபதி சிகிச்சை செய்யும் போலி மருத்துவர்கள், சிறைத்தண்டனை மற்றும் அபராதத்திற்கு உள்ளாவார்கள்.

போலி மருத்துவர்கள் போலியான அல்லது பொய்யான பட்டங்களையே போட்டுக் கொள்கின்றனர். மேலும் அங்கீகரிக்கப்படாத மையங்களால் வழங்கப்படும் பட்டங்களையே போட்டுக் கொள்கின்றனர். எனவே, இவர்கள் அனைவரும் இந்திய மருத்துவப் பட்டங்கள் சட்டம் - 1916 (Indian Medical Degrees Act-1916)-படி தண்டனைக்கும், அபராதத்திற்கும் உட்படுவார்கள்.

போலி மருத்துவர்களுக்கு இந்திய மருந்துப் பொருள்கள் சட்டம்- 1940 (Drugs and Cosmetics Act-1940)-படி அலோபதி மருந்துகளை விற்பனை செய்வதற்கோ, சேமித்து வைப்பதற்கோ, உற்பத்தி செய்வதற்கோ உரிமம் இல்லாததால் அவர்கள் இந்தச் செயல்களை செய்து கொண்டிருப்பதால் அவர்களும் இத்தண்டனைக்கு உரியவர்களாகின்றனர்.

இப்படியாக பல சட்டங்களை மீறி மக்கள் உயிருக்கும், ஆரோக்கியத்திற்கும் உலை வைத்துக்

போலி மருத்துவர் ஒழிப்பு
நாள் : 02-10-2020
போலி மருத்துவர் ஒழிப்பு வாரம்
03-10-2020 முதல் 09-10-2020 முடிய

கொண்டிருக்கும் போலி மருத்துவர்களுக்கு எதிராக ஒரு **'போலி மருத்துவத் தடைச்சட்டம்' (Anti Quackery Law)** உண்டாக்கினால் மட்டுமே இந்தப் போலி மருத்துவர்களை ஒழித்து, ஆரோக்கியமான ஓர் இந்தியாவை உருவாக்க முடியும். அப்படி இருந்தும் நமது அரசாங்கம் மிக முக்கியமான இந்த மக்கள் நலப் பிரச்சினைக்கு உரிய நடவடிக்கை எடுக்கவில்லை என்பது மனதுக்கு வேதனையளிக்கக்கூடிய ஒன்றாகும்.

இது இந்திய மருத்துவச் சங்கத்தின் பிரச்சினையல்ல; இது ஒரு பொதுமக்கள் பிரச்சினை! எனவே, இந்தப் பிரச்சினையில் தொண்டு நிறுவனங்களும், அரசியல் கட்சிகளும், பொது மக்களும் எங்கனோடு இணைந்து போராடி, **'போலி மருத்துவத் தடைச்சட்டம்'** உருவாக்க அரசாங்கத்தை வேண்டுவோமாக!

எனவே, இந்திய மருத்துவச் சங்கம் அக்டோபர் மாதம் 2 ஆம் தேதியே போலி மருத்துவர்கள் எதிர்ப்புத் திணமாகவும், அக்டோபர் மாதம் 3 ஆம் தேதியிலிருந்து 9 ஆம் தேதி வரை போலி மருத்துவர்கள் ஒழிப்பு வாரமாகவும் அனுசரிக்கத் தீர்மானம் நிறைவேற்றி, அதனைக் கடைப்பிடிக்கின்றது. பொதுமக்கள் அனைவரும் இம்முயற்சிக்கு ஒத்துழைப்பு நல்கி, ஆதரவு தந்து, மக்கள் நலனுக்காக இந்திய மருத்துவச் சங்கத்துடன் இணைந்து ஒத்துழைத்து ஆதரவு தர அன்பாய் கேட்டுக் கொள்கிறோம்.

World Mental Health Day

10 OCTOBER

— WORLD —
**MENTAL HEALTH
DAY**

World Mental Health Day is observed on 10 October every year, with the overall objective of raising awareness of mental health issues around the world and mobilizing efforts in support of mental health.

The Day provides an opportunity for all stakeholders working on mental health issues to talk about their work, and what more needs to be done to make mental health care a reality for people worldwide.

Throughout the world millions of people are affected by arthritis, their lives being changed by the sometimes constant pain of inflamed joints. World Arthritis Day is a day to remember and raise awareness of this condition, and how it affects the lives of those that suffer with it. World Arthritis day was brought about by the Arthritis Foundation to do just that, and to encourage policymakers to help lower the burden of those suffering from Arthritis all over the world.

Arthritis is cleanly summed up in its name, being derived from the greek words arthro, meaning joint, and itis, meaning inflammation. As the name implies it is a condition involving inflammation of the joints, but unlike the common conception that it is a disease all its own, it is always a symptom of another affliction. Gout, Osteoarthritis, Rheumatoid arthritis, and Lupus are just some of the more common causes of this painful and often crippling condition.

Arthritis has been shown to have been with us as long as creatures have had bones, there's even evidence that ankle arthritis was present in dinosaurs by the study of fossils. Research has shown that it has been present in humans at least as far back as 4500 BC, and has been shown to be one of the most common afflictions of the prehistoric peoples. It was first closely examined and classified in William Musgraves work, *De Arthritidesymptomtica*, written in 1715.

For conditions such as rheumatoid arthritis and osteoarthritis, there is no cure, though there are often treatments that can be done. Largely these are basic health controls, including increasing exercise and working to reduce your weight. Other than that the usual treatments are pharmaceutical in nature and focus on reducing the pain of the condition rather than seeking to remove it.

Physical therapy has often been seen to be effective in helping, but the nature of the condition often impedes the implementation of such therapy. Motion hurts, but motion is shown to be among the best treatments. By keeping the joint mobile it helps to reduce the constant inflammation and has shown marked improvements in the long-term relief of the pain associated with it.

Many people associate this condition with the elderly and the health concerns that affect them, and statistical evidence supports that those over 65 are in fact the primary sufferers. But there is an often forgotten section of people who are under that age, almost 30% of all sufferers are under the age of 65, with some of them being no older than their teen years, and some rare cases existing even in the very young.

Take the time to educate yourself on this condition, and find the ways you can help prevent or hold-off this condition in your own life. By taking steps to improve your health today, you can help prevent this being something that limits your life. You can also pop on over to the Arthritis Foundations webpage and take their test to find out if you're at risk for Osteoarthritis.

World Arthritis Day is a great time to get out and lend a helping hand to those suffering from this condition. If you have relatives who suffer from it, take a day to go over and help them out with the things that are made difficult for them because of their condition. Take some time to do some research and get a clear understanding of how people have their lives affected by it.

World Osteoporosis Day 2020

October 20

Broken bones took away his independence

THAT'S OSTEOPOROSIS

- Osteoporosis is the underlying cause of painful, debilitating and life-threatening broken bones – known as fragility fractures.
- Osteoporosis is a growing global problem: worldwide, fractures affect one in three women and one in five men over the age of 50.
- Osteoporosis affects families – family members often bear the burden of care
- If one of your parents had osteoporosis or hip fracture, this may increase your own risk of developing the disease. Take the IOF Osteoporosis Risk Check to identify your risk factors.
- At risk? Be sure to request a bone health assessment – take early action for prevention!
- Bone health concerns the entire family - ensure your family maintains a bone healthy lifestyle.
- Advocate! [Sign the/ IOF Global Patient Charter/](#) and join us in calling on healthcare providers to close the massive 'care gap' which leaves many patients unprotected against a cycle of disabling fractures.

World Iodine Deficiency Day

World Iodine Deficiency Day 2020: All you need to know

World Iodine Deficiency Day is observed on 21 October every year to raise awareness about the adequate use of iodine, to highlight the factors that lead to iodine deficiency and its consequences. Let us read about the importance of iodine in our diet, what happens due to iodine deficiency, how World Iodine Deficiency Day is celebrated?

World Iodine Deficiency Day is also known as Global Iodine Deficiency Disorders (IDD) Prevention Day. We all know that minerals and vitamins are necessary for our healthy life and play a crucial role in the physical and mental development of humans. Iodine is a mineral that is found in some foods.

What is Iodine and why it is necessary for our body?

Iodine is stored in the thyroid gland of our body and is an essential dietary mineral. It is important for our body as it helps in the production of thyroid hormones thyroxine (T3) and triiodothyronine (T4). Let us tell you that hormones of the thyroid gland affect mostly all the cells in the human body and are also important for the proper development of cells. It also helps in protein metabolism, increases metabolic rate of the body, regulate the growth of bones and development of brain. Basically, thyroid hormones are linked to protein, fat and carbohydrate metabolism in cells.

Iodine helps in regulating various functions of our body like

- Body temperature
- Breakdown of fat
- Growth
- Reproduction
- Muscle and nerve function
- Heart rate etc.

Various Glands and Hormones in Human Body

What is Iodine Deficiency Disorder (IDD)?

As the name suggests, the deficiency of iodine in the body may lead to serious illness. It can start before birth, jeopardise children's mental health and often their very survival. During pregnancy, serious deficiency of iodine can result in stillbirth, spontaneous abortion, congenital

abnormalities like cretinism, mental retardation, etc. As we have discussed above, iodine is required for the synthesis of thyroid hormones, thyroxine (T4) and triiodothyronine (T3). It is also, essential for normal growth and development of humans. Do you know that around 100-150 micrograms, it is required by our body for normal growth?

Deficiency of Iodine

- Mental retardation
- Goitre
- Still birth
- Hypothyroidism
- Subnormal intelligence
- Neuromuscular weakness
- Defect in vision, hearing and speech
- Spasticity
- Intrauterine death etc.

Sources of Iodine

- Milk
- Meat
- Sea Fish
- Shellfish
- Eggs
- Cereal grains
- Salt
- Yogurt
- Sea vegetables
- Vegetables and Fruits etc.

WHO regarding IDD

WHO, since 1980s has been working for public health around the world and also to eliminate the deficiency of iodine. For this WHO provides guidelines, technical tools, methodologies and technical guidance to build up national salt iodization programmes.

UNICEF, ICCIDD (International Council for Control of Iodine Deficiency Disorders), some international and bilateral agencies are also together working to combat with the iodine deficiency. We can't ignore that various salt agencies have helped countries to set up a permanent national salt and iodization programmes.

In 1993, for controlling IDD, a primary intervention strategy that is universal salt iodization was adopted. Salt is widely available and consumed in regular forms throughout the year so, it is chosen and the cost of iodizing is also extremely low per person per year.

In most of the countries where iodine deficiency is a public health problem, strategies are implemented against IDD.

Some facts regarding Iodine Deficiency

- Iodine deficiency can cause impaired cognitive development in children.
- Countries where iodine deficiency is a major concern has been halved now from the past according to a new global report on iodine status.
- According to WHO, approx 54 countries are still iodine-deficient.
- Sustainable salt iodization programmes are necessary to strengthen.

So, we can say that it is necessary to take iodine in our diet. But excess of everything is bad. It should be taken in proper quantity as required by our body. ○

The REGISTRAR

31.08.2020

EXISTING REGISTERED MEDICAL PRACTITIONERS-NOTIFICATION FOR REGISTRATION NUMBERS 40001-75000

A notification was issued on 18th May 2020 by the Tamilnadu Medical Council directing all the Registered Medical Practitioners (Registered in TNMC on or before 05.01.2020) to update their credentials online and obtain fresh e-certificates of their registered degrees.

This notification was issued, based on directions issued by the Medical Council of India, on the subject of bringing about uniformity, among state medical councils, in renewal of registration of registered medical Practitioners. Also, MCI directed contribution from the State Medical Councils for creation of “National Digital Medical Registry” as part of National Digital Health Mission.

This process was started in a phased manner, and in the first phase the RMPS with registration number between 15000-40000 were directed to mandatorily update their credentials on or before 31st August 2020. Based on representation by individuals and IMA and due to Covid19 pandemic, the time frame is being extended up to 31.10.2020.

In the second phase, the Tamilnadu Medical Council directs, RMPS with registration numbers between 40001 to 75000 to mandatorily update their credentials for creation of “State Digital Medical Register” and obtain their e-certificates on or before 31.01.2021.

All RMPs are requested to cooperate in this digital update.

The highlights of the new draft are:

It came to our attention that a private insurance provider was considering to treat their patients affected by covid-19 under the rates prescribed under CMCHIS scheme in Tamil Nadu. The IMA-HQ and other Private Hospital associations were in negotiations with General Insurance Cooperation India (GIC) to fix rates for Covid Care under private insurance and the same was not finalized, The association and its parent body acted swiftly and made the insurance company realise its mistake and successfully renegotiated a new draft which now looks more fair to both parties insurance provider and Hospitals to treat Covid Patients.

1. There is only two classifications as metros and non metros with appropriate per day cost.
2. The per day cost doesn't include High end drugs like Remdisivir and Tocilizumab, High end Antibiotics above those that are commonly used (Azithromycin, Ceftriaxone, Doxycycline,etc), Cross consultation charges, Charges for Dialysis /CRRT /SLED, Blood Products /SDP and ECMO charges all of which can be billed separately.

3. Co-Morbid conditions treated can be billed separately and the same will be paid by the insurance company under the policy terms.

If any member who was deteriorated to take covid patients on the bases of the rate structure present in private insurance in the state can now take Covid patients in and can be sure the insurance company will support you in this time of crisis. India with a huge population load and very few healthcare center is facing a tough task fighting this pandemic. Quality healthcare should be provided to all and our association will try its best to make sure the same reaches every patient who needs it. ○

Dear Friends,

Greetings from IMA CGP!

In the midst of COVID pandemic, IMA CGP did the following activities in the month of August:

1. IMA TNSB CGP Webinar – 6 was conducted on 06.08.2020, in coordination with IMA CGP HQs. It presents the “COVID -19 East & West”; an experience was shared by GPs from **Dr.Narayanasamy Mohan, Australia; Dr.Aruni De Silva, Sri Lanka; Dr. Samuel JK Abraham, Japan; Dr. Leo M Jeyaraj, Canada and Dr.Osahon Enabulele, Africa.**

2. **Fellowship Certificate in Respiratory Diseases was inaugurated on 08.08.2020.** A wide discussion based on “COVID or NOT COVID (RT PCR Negative)” was held during this meeting. **Dr. V. Nandhagopal**, Consultant Pulmonologist, Inst. Of Lung Care & Research, Hindustan Hospital, Coimbatore; **Dr. V. Senthil**, Consultant Pulmonologist, ABC Hospital & Chest Clinic, Trichy and **Dr.R. Velraj**, Consultant Pulmonologist, SHRI Hospital, Salem and as a Moderator, **Dr.Jaymohan**, Senior Consultant Pulmonologist, Inst. of Lung Care & Research, Hindustan Hospital, Coimbatore.

3. Fellowship Certificate on Sexual Medicine was inaugurated on 11th August, 2020 during the

CME program on Sexual Medicine. The course was introduced by **Dr. M. BALASUBRAMANIAN, FCSM Course Co-ordinator. “Sex Education need to All”** was given by Dr. D. NARAYANA REDDY, FCSM Course Co-ordinator.

4. During the CME program on Critical Care Management, **Fellowship in Critical Care Toxicology Course (FCCT) - 2020 was inaugurated on 19.08.2020.** The course was introduced by **Prof. Dr. N.Ganapathy**, FCCT Course Co-ordinator. Resource speakers were **Dr. Gautham Ganapathy**, FCCT Course Faculty for Adult Critical Care Toxicology; **Dr. S. Kurinchi**, FCCT Course Faculty for Poisoning Management in ICU Challenges; **Prof. Dr. N.Ganapathy** for Rodenticide Poisoning.

5. Reproductive Medicine Course (FCRM) – 2020, was inaugurated on 27.08.2020. The course was introduced by Dr. Gigi Selvam, FCRM Course Co-ordinator. During the CME program on Reproductive Health, “High risk pregnancy” was given by **Dr.Nirmala Jayasankar** and “How to tackle Adolescent Problems???” by Prof. Dr. S. **Sampathkumari.**

6. On Sep 8th 2020, a CME program on, “**Nellai COVID- II**”, an experiences was shared by **Dr. Shantaraman, Vice Principal, Prof. & HOD of Pathology; Dr.**

Alagesan, Prof. & HOD, Dept. of Medical; Dr. Amutha Rani, Prof. & HOD, Dept. of Anaesthesiology; Dr. Alex Arthur Edwards, Prof. & HOD, Dept. of Surgery & Deputy Medical Supdt; Dr. Rama subramanian, Prof. & HOD, Dept. of Nephrology and Dr. Tamil Kothai, Prof. Dept. of O&G on behalf of the designated COVID TVMCH doctors and **Dr. Francis Roy, Vice President, IMA Tirunelveli CEO, Annai Vellankani Hospital** from COVID designated Private hospitals.

Mrs. Shilpa Prabhakar Sathis I.A.S, Tirunelveli District Collector was our Chief Guest and the program was conducted under the Presidentship of our IMA State President, Dr. C. N. Raja.

Regular online classes are going on for Fellowship Certificate in Cardiology, Practical Cardiology, Critical Care & Toxicology, Sexual Medicine and Respiratory Diseases. Online classes for **Diabetic foot care and Fellowship Certificate in Reproductive Medicine** will be started soon. **Fellowship Certificate in Mental Health** and the new course **Fellowship Certificate on Infectious Diseases & Infection Control** will be inaugurated within this month.

Support your IMA to support you!
Long Live IMA !!
Long Live our Unity!!!

- Dr. R. Anburajan

IMA Tamilnadu Academic Cell

Fellowship Courses under IMA Academic Cell - Year 2020

IMA TNSB is conducting the following fellowship courses for the members of IMA. The registration fee is Rs. 25,000/- only, reduced for the interest of the members. Interested and eligible members can apply and utilise the opportunity of online classes. Necessary certificates will be issued by IMA TNSB. These courses are conducted to empower Practitioners to deliver evidence based medicine to the community, also to acquire more knowledge & cannot be displayed in the Name Board or registered in Medical Council.

ONLINE COURSES

FELLOWSHIP CERTIFICATE IN RESPIRATORY DISEASES

Overview - Basics : 1. Lung anatomy; 2. Respiratory physiology; 3. Respiratory Investigations including Basics of chest x Ray interpretation & spirometry interpretation; 4. Respiratory Pharmacology with Inhaler techniques

Topics to be covered : 1. Tuberculosis - Pulmonary & Extra Pulmonary; 2. Asthma & Occupational Lung Diseases; 3. COPD, Pulmonary Hypertension & Cor Pulmonale; 4. Respiratory Infections - Upper and Lower; 5. Respiratory Emergencies / Pleural Diseases; 6. Lung Cancer & Interstitial Lung Diseases; 7. Allergy and Sleep Apnea. **Course Fee :** Rs. 25,000/- ;

Course Co-ordinator : Dr. V. Nandagopal; **ONLINE CLASSES on every Wednesday (8 pm to 10 pm)**
and two contact classes at IMA Hall Coimbatore. Duration : 6 months. **Eligibility :** IMA & CGP Life Members.

Course already started. Interested person may contact the IMA State Office.

FELLOWSHIP CERTIFICATE IN CRITICAL CARE TOXICOLOGY

Course Coordinator : Dr. N. Ganapathy **Course Fee :** Rs. 25000/- **Duration :** 9 Months

Terms: Hands on Training / Final Examination - (Theory/Viva). **Eligibility:** IMA & CGP Life Members.

Alternate Weekly Online classes and Two Contact Class : Dhanvantri Institute of Medical Education & Research Center, Erode

Note : Candidates will be trained in depth in management of : 1. Mechanical Ventilators; 2. Airway Management;

3. Central Venous Catheterization; 4. Beside Echo & Ultrasonograph (Point of care ultrasound);

5. Decontamination; 6. Haemodialysis & Haemoperfusion; 7. Students will be exposed in Extracorporeal membrane oxygenation (ECMO) and MARS (Hepatic Dialysis) in relation to Critical Care Toxicology.

Course already started and being conducted on alternate Wednesdays (4 pm to 6 pm)

FELLOWSHIP CERTIFICATE IN SEXUAL MEDICINE

Course Coordinator : Dr. D. Narayana Reddy & Dr. M. Balasubramanian

C. Fee: Rs. 25000/-; **Duration :** 6 Months; **Terms :** Six Modules; **Final Exam:** Written

Alternate Tuesday online classes and Two Contact Class : JVL Plaza, Teynampet, Chennai

Eligibility: IMA & CGP Life members.

Course already started and being conducted on alternate Tuesdays (2 pm to 5 pm)

Note : Passed candidates can enrol in Council for Sex Education &

Parenthood International (CEEPI) & Practice Sexual Medicine

Interested person may contact the IMA State Office.

FELLOWSHIP CERTIFICATE IN MENTAL HEALTH

Course Coordinator : Dr. R. Anburajan **Course Fee :** Rs. 25,000/- **Duration :** 6 Months.

Terms : Six modules **Contact class :** IMA Mayaan Hall, Tirunelveli and

Practical at Sneka Mine Care Centre, Tirunelveli and online classes weekly

Final Exam : Theory / Viva. **Eligibility :** IMA & CGP Life members

FELLOWSHIP CERTIFICATE IN REPRODUCTIVE HEALTH

Course Co-ordinator : Dr. Gigi Selvan Course Fee : Rs. 25,000/-

Duration : 6 Months. Eligibility : IMA & CGP Members.

Online classes every week & Contact class : Once in 3 months - One Day at Tirunelveli (Sunday)

DIABETIC FOOT CARE

Course Co-ordinator : Dr. A.K. Ravikumar Course Fee : Rs. 25,000/-

Duration : 6 Months. Eligibility : IMA & CGP Members.

Course Conducted on Alternate weeks / Contact Class at the end of the Course. Interested person apply immediately.

FELLOWSHIP CERTIFICATE COURSE ON INFECTIOUS DISEASES & INFECTION CONTROL

Course Co-ordinator : Dr. K. Neminathan Course Fee : Rs. 25,000/-

Duration : 6 Months. Eligibility : IMA & CGP Members.

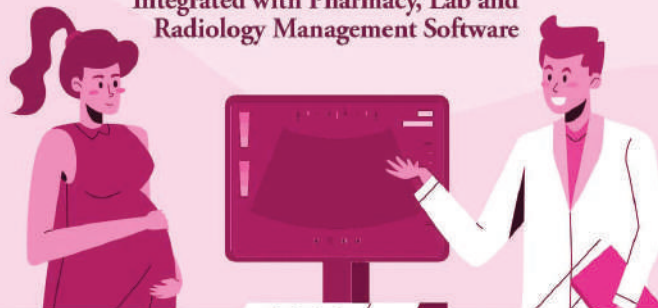

Subject to approval of forth coming SCM, the Course would commence

For further details contact: Dr. A. Govindarajan, CGP Director of Studies - Cell : 94434 37826, Dr. R. Anburajan, CGP Faculty Secretary - Cell : 94426 12138. IMA AMS TNSB Reports September 2020

There are AMS chapters in big cities like Madurai, Coimbatore and Cuddalore and work has been initiated to start more AMS branches in all four zones of Tamil Nadu.

- **Webinar VI** was organized by our Joint Secretary, IMA AMS TNSB Dr V. Rajesh Babu in association with IMA AMS Coimbatore on the occasion of “World Organ Donation day”.

“Symposium On Organ Donation” was held on 26 Aug 2020 Wed (4.30pm to 6.00pm) through Zoom Link. It was moderated by Prof. Dr. A. Rathninel. MS MCH PhD, Dean, Govt. Sivaganga Medical College & Former HOD, CVTS, MMC, Madurai. Dr. V. Rajesh Babu, MS MCH, Consultant Neurosurgeon, Ganga Hospital, Coimbatore spoke on “Issues in Brain Death & Organ Donation”. “Skin Donation & Skin Bank” was addressed by Dr. R. Raja Shanmuga Krishnan, MS MRCS DNB(Plastic), Consultant Plastic Surgeon, Ganga Hospital. The Panellists were Dr. Vinodh Raj Kumar, MS MCH Consultant Pediatric & Laparoscopic Surgeon, SGR Hospital, Coimbatore, Dr. M. Ramalingam, MS MCH Consultant Urologist, Urology Clinic, Hindustan Hospital, Coimbatore, Dr. SP. Thiyagarajan, MD DM, Former Professor of Nephrology, Coimbatore Medical College, Coimbatore, Dr. N. Anand Vijai, MS FMAS FACS PhD, Consultant Liver Transplant & Hepatobiliary Surgery and Dr. V. Thangavelu, MS, President Tamil Nadu Ophthalmology Association.

- **Webinar VII** was webinar on “Obstetric Ultrasound” and was a great success story.

“First Trimester Ultrasound” was addressed by Dr. S. Manohar. MD DMRD, Radiologist, Doppler Scans, Madurai. Dr. Rekha Kurian spoke on “High risk Pregnancy”. There was a symposium on “Management of Obstetric cases” greatly organized and moderated by Dr. Latha Chaturvedula MD DGO DNB, Professor & HOD, Dept. of OG, JIPMER, Pondicherry. The panellists were Dr. Sumathi Anand, MD DGO Consultant Gynecologist, Sumathi Hospital, Madurai, Dr. Sunita Samal MD DGO, Professor & HOD, SRM Medical College Hospital & Research Institute, Chennai, Dr. Rekha Kurian, MRCOG, Hon. Consultant, Southern Railway headquarters hospital, Chennai and Dr. Monna MD(OG), Department of Reproductive Medicine and Surgery, SRIHER, Chennai. More than one hundred and fifty Obstetricians participated in the webinar.

The Virtual Conference for IMA AMS National Virtual Conference would be happening in the III week of September and the link would be shared in Whatsapp group and as Email . We request all the IMA members to join for the Virtual Conference.

- IMA AMS TNSB is keeping up its promise and would be doing webinars on each speciality in every month.

PARAMEDICAL

Dr. P. Senguttuvan
*Chairman,
IMA Paramedical Wing*

Dr. S. Babu
*Secretary,
IMA Paramedical Wing*

Dr. B. Jeyakumar
*Joint Secretary,
IMA Paramedical Wing*

**Dear esteemed members,
Greetings!**

This year the number of institutions conducting our paramedical course has risen by ten and now nearly seventy institutions are in paramedical wing fold. This month our Chairman Dr. P. Senguttuvan had signed MOU with five institutions. The updating of the text books for our courses is nearing completion and the release of the new text books is planned to be in our next State council meeting.

Instructions had been given to all the institutions to start new admissions for this year and if possible to conduct the classes online till we resume the normal classes. An online CME is being planned involving all the paramedical institutions this month.

BRIDE WANTED

Dr. C. THANGAMUTHU
FSS CHAIRMAN

Cell: 94430 22328 sailootmuthu@gmail.com

**Dear Colleagues of IMA TNSB
and brothers and Sisters of FSS,
Warm greetings to you all.**

We feel sad to see the raising death toll of our members due to Covid-19 – the China Virus. Even though the disease due to Covid – 19 is not fully understood, medical professionals have the knowledge about the basics of the disease and a successful way (if not fully) to manage the cases. This and the possible vaccination in the near future to control it, made the present improvement in the lockdown measures.

But we must not relax in our present vigil to prevent getting infected with the china virus – Covid -19. As most experts say, we have to learn to live with Covid-19 for a long time to come. It is mandatory that we wear masks, wear PPE while seeing patients, keep the social distancing and avoid all crowded places. These must go on till successful vaccination becomes available.

Toll of our members demised due to covid -19 is increasing and in away IMA TNSB and FSS have some satisfaction of helping the bereaved families. So far we have paid DFC to 68 Families of our demised members. and of these 11 are

unfortunately due to covid. In addition we have paid about Rs. 50,000/- to a senior member under Health Benefit Scheme for his admission and treatment for Covid-19.

We request all IMA members to realize the peril and join FSS to safe guard their family, using the concessions announced, like reduction in NRD amount and waiving of the waiting period for our new members, so that all new members' family will be eligible for DFC amount from the date of their joining the scheme (in case some unfortunate things happen due to Covid-19 virus).

Local branch Presidents, Hony. Secretaries, District coordinators and senior members have special responsibilities to explain to the non-FSS members and make them get benefit under the scheme.

CLAIM PAID -IMA CH. KODAMBAKKAM BRANCH

IMA Chennai Kodambakkam Branch President
Dr. K. Subramanian and Hony. Secretary Dr. D. Boopathy
Presenting DD of Rs. 18,00,000/-
to the nominee Mrs. Suseela , D/o Late
Dr. V. Pushpa (FSS I # 3772) member of
IMA Kumbakonam Branch. Date of Death - 16.06.2020.

We in FSS have to get ready to face the situation and our members have to decide to help the family of our demised colleagues which is increasing due to the pandemic.

“All our doings without charity are nothing worth” – The Book of Common Prayer.

Once again we request our members to keep vigil on their personal protection from the killer flu, and stay safe.

Our motto remains : **JOIN FSS – SECURE
YOUR FAMILY – FEEL FREE TO PRACTICE.**

- Dr. C. Thangamuthu
Chairman FSS

Dr. V. MADHAVAN

FAMILY SECURITY SCHEME OF IMATNSB

Dr.K. SOUNDARARAJAN
FSS TREASURER
 Cell: 9786198333
 drksoundararajan@gmail.com

that we paid for almost 33% of collected claim amount in one month. We sincerely hope that the trend is just an aberration. As far as 25th AFC collection of FSS I is concerned, only about 778 members are yet to pay; while the 3rd due of FSS II is going on very robustly and only about 1016 members are yet to pay with 10 more months to go.

The New Membership drive is also turning out to be fruitful and I request Members to Motivate non-members to join our fold so that we achieve our aim of 10,000 active members in FSS I. I once again fervently request our Branch Secretaries to send back the Signed Claim Receipts along with the photographs of the handing over event at the earliest. **“Stay Safe Stay Healthy”**

Thanking You,
 Yours in IMA service

- Dr. V. Madhavan,
Secretary, FSS, IMA TNSB

**Dear Colleagues,
 Greetings from FSS,**

As this month of September approaches, it is predicted that INDIA will top the world in number of Covid Cases in a few weeks, now only behind Brazil and USA. The government of India's Statistics of more than 87,000 Health Case workers being infected is a great cause of concern. We suffer the highest viral load and the highest case fatality rate in our community.

This month has indeed been a very shocking and

depressive month with the highest ever Death Claims being received in FSS Office since inception. As many as 20 Death Claims were received in FSS I and 9 claims in FSS II. Of them, as many as 7 Doctors lost their heroic battle against Covid-19. Our heartfelt condolences to the bereaved family members, the legacy left behind by these Corona warriors will be cherished forever. This should be seen in context of only 70 Claims are collected as AFC throughout this year. It shows

Please All the secretaries of the local branches are requested to kindly mention the cause of death (Covid/Non Covid) in their forwarding letter

அன்புள்ள மருத்துவர்களுக்கு,

தமிழகமெங்கும் அரசால் நடைமுறைப் படுத்தப்பட்ட முழு ஊரடங்கு படிப்படியாகக் குறைக்கப்பட்டு, தற்போது தமிழகமெங்கும் இரயில், பேருந்து மற்றும் தனியார் வாகனங்கள் இயங்க முழு சுதந்திரம் அளிக்கப்பட்டுள்ளது.

டெல்லி போன்ற வட மாநிலங்கள் சிலவற்றில் பரிசோதனைகள் மேற்கொள்ளப்பட்டபோது 33% முதல் 45% வரை மக்களுக்குக் கொரோனாவுக்கு எதிரான Antibody இரத்தத்தில் ஏற்பட்டிருப்பதைக் கண்டறிந்துள்ளது மிகுந்த மகிழ்ச்சியைத் தருகிறது. கொரோனாவால் பாதிக்கப்பட்டவர்களுக்கும், கொரோனா தொற்று ஏற்பட்டு-அதன்பின் எந்த வகையான Signs & symptom-களும் இல்லாத பலருக்கு Antibody உற்பத்தியானதாலேயே மேற்கண்ட பரிசோதனைகளின்படி ஆறுதல் அளிக்கும் 'ரிசல்ட்' கிடைத்துள்ளது.

தற்போது ஊரடங்கு தளர்த்தப்பட்டுவிட்டாலும், மக்களாகிய நாம் இடைவெளி விட்டு இருக்க வேண்டும் என்பதுதான், முகக்கவசம் முறையாக அணிந்தால், கைகளை உரிய முறையில் கிருமி நாசினி கொண்டு சுத்தம் செய்தால் நிச்சயம் கொரோனாவை முழுமையாக வெற்றி கொள்வோம் என்பதுதான், கூடிய விரைவில் கொரோனா தடுப்பு Vaccine-களை தமிழக அரசு மக்களிடம் கொண்டு சேர்க்கப் போவதாக வந்துள்ள செய்தி நமக்கெல்லாம் மட்டற்ற மகிழ்ச்சியை ஏற்படுத்தியுள்ளது என்றால் அது மிகையாகாது.

இந்தக் கொரோனா காலத்திலும் நம் தமிழக மருத்துவர்கள் தொடர்ந்து தினம் தினம் வழக்கறிஞர் நோட்டீஸ்களைப் பெற்ற வண்ணமே உள்ளார்கள்

என்பதுதான் வேதனை அளிக்கக்கூடிய செயலாகும்.

1. தெற்கு மண்டலத்தைச் சார்ந்த ஒரு மருத்துவமனையில் உள்நோயாளியாகச் சேர்க்கப்பட்ட கணவன்-மனைவிக்கு அவர்கள் வெளியே எடுத்து வந்த CT Scan Report-ன் Pneumonitis இருந்ததால், அவர்களுக்கு அன்று இருந்த சூழ்நிலையில் உள்நோயாளியாக இருவரையும் சேர்த்து, கொரோனாவிற்கான தீவிரச் சிகிச்சை அளித்தார்கள்.

மூன்றாம் நாள் கொரோனா இரத்தப் பரிசோதனை முடிவு Negative என வந்ததால் இருவரும் டிஸ்சார்ஜ் செய்ய வேண்டும் எனக் கேட்டுக்கொண்டார்கள். இருவரும் டிஸ்சார்ஜ் செய்யப்பட்டு அவர்கள் முன்பணமாகக் கட்டியதிலிருந்து மீதித்தொகையைப் பெற்றுக்கொண்டும் சென்று விட்டார்கள்.

தற்போது தாங்கள் கட்டிய பணத்தில் சிகிச்சைக்காக எடுத்துக்கொண்டதுபோக முழு மீதித்தொகையையும் மருத்துவமனை தங்களிடம் திருப்பிக் கொடுக்கவில்லை எனக்கூறி உயர் நீதிமன்றத்தில் வழக்கு தொடர்ந்துள்ளார்கள்.

2. மேற்கு மண்டலத்தைச் சார்ந்த ஒரு மருத்துவமனையில் ஞாயிறு இரவு விரலில் கண்ணாடித் துண்டால் காயம் ஏற்பட்டதாகச் சிகிச்சைப் பெற்றுச் சென்ற நபர், 11 நாட்கள் கழித்து விரலில் இருந்த கண்ணாடிப் பிசிறை மருத்துவர்கள் எடுக்கத் தவறிவிட்டார்கள் எனக்கூறி ஒரு வழக்கறிஞர் நோட்டீஸை அனுப்பியுள்ளார்.

3. ஒரு மகப்பேறு மருத்துவர், மாதவிடாய் தள்ளிச் சென்ற ஒரு தாய்க்கு Pregnancy Card Test-ல் அந்தத் தாய் கருத்தரித்திருக்க வாய்ப்புள்ளது என்ற சந்தேகத்தை ஏற்படுத்தும் அளவிற்கு

பரிசோதனையின் Result இருந்ததால், உடனே Progesterone மாத்திரைகளைச் சாப்பிடத் தொடங்கினார். 04-08-2020 இல் Beta HCG செய்யப்பட்டு, 735.89mIU/mL இருந்ததால் அந்தத் தாய் கருவுற்றிருக்க அதிக வாய்ப்புள்ளது எனக் கருதி சிகிச்சையைத் தொடர்ந்தார்.

07-08-2020 இல் அந்தத் தாய்க்கு இரவில் கடும வயிற்று வலியும், உதிர்ப்போக்கும் ஏற்பட்டது. 08-08-2020 அன்று Scan செய்யப்பட்ட போது Mildly thickened Endometrium என ரிப்போர்ட்டில் வந்துள்ளது. மகப்பேறு மருத்துவர்களாகிய நீங்கள்தான் Early Pregnancy Loss அல்லது False Pregnancy என்பதற்கான விளக்கத்தை அளிக்க வேண்டும். தக்க ஆதாரத்துடன் விளக்கம் அளித்தால் வழக்கறிஞர் நோட்டீசிற்கான பதிலைத் தயாரிக்க அந்த மருத்துவருக்கு எளிதாகும்.

4. குடும்பக் கட்டுப்பாடு அறுவைச் சிகிச்சை செய்து 14 ஆண்டுகள் கழித்து, ஒரு தாய்க்கு Ectopic Pregnancy ஏற்பட்டுள்ளது. மகப்பேறு மருத்துவரின் தவறான சிகிச்சையால்தான் மீண்டும் தான் கருவுற்றதாகவும், இழப்பீடாக அந்த மருத்துவர் பல இலட்சம் ரூபாய்களை நஷ்ட ஈடாகக் கொடுக்க வேண்டும் எனவும் கேட்டு ஒரு வழக்கறிஞர் நோட்டீசை அனுப்பியுள்ளார்.

5. 20 வயதான ஓர் இளைஞருக்கு உணவுக் குழாயில் ஏற்பட்ட புற்றுநோயை ஏன் உடனே கண்டறியவில்லை எனக்கூறி அந்த இளைஞரின் தந்தை 20 லட்சம் ரூபாய் நஷ்ட ஈடாகக் கேட்டு வழக்கறிஞர் நோட்டீசை அனுப்பியுள்ளார்.

இதுபோல் 01-04-2020-லிருந்து 07-09-2020 வரை இந்தக் கொரோனா காலக்கட்டத்தில் மட்டும் 23 வழக்கறிஞர்கள் நோட்டீஸ்களையும், வழக்குமன்ற நோட்டீஸ்களையும் மற்றும் பிற நோட்டீஸ்களையும் தொடர்ச்சியாகப் பெற்று வருகிறோம் என்பதையும், ஏழு வழக்கறிஞர் நோட்டீசுகளுக்கும், ஒரு மருத்துவக்

Dr. T. Nalini, Chairperson- Women's Wing Coimbatore IMA was honoured by the District Collector of Coimbatore for the services in Prevention and Control of COVID-19 on Independence Day.

கவுன்சிலிருந்து பெறப்பட்ட நோட்டீசிற்கும் மருத்துவர்களுக்குப் பதிலளிக்க உரிய ஆலோசனை வழங்கப்பட்டு, பதில்களை அவர்களும் தயாரித்து உரிய நபர்களுக்கு அனுப்பிவிட்டார்கள்.

நிகழ்வு நடக்கும்போது மருத்துவர் PPLSSS-ன் உறுப்பினராக இருக்க வேண்டும் என்பதுடன், நீதிமன்றத்தில் தீர்ப்பு வரும்வரை அவர் தொடர்ந்து உறுப்பினராக இருந்ததால்தான் PPLSSS-ன் சலுகைளைப் பெற முடியும் என்பதையும் நாம் ஒவ்வொருவரும் உணர்ந்து, உரிய நேரத்தில் தங்கள் உறுப்பினர் பதவியைப் புதுப்பித்துக் கொள்ள வேண்டும் என அன்புடன் உங்களை கேட்டுக் கொள்கிறேன். நுகர்வோர் பாதுகாப்புச் சட்டம் மருத்துவர்களுக்குப் பொருந்துமா? பொருந்தாதா? என்ற கேள்விக்கான நல்ல பதில் கூடிய விரைவில் கிடைக்கும் என நாம் நம்புவோம். ○

தீருக்குறள் சிறப்பு

அற்றது அறிந்து கடைப்பிடித்து மாறுஅல்ல துயக்க துவரப் பசித்து. (குறள் 944)

பொருள்: முன்பு உண்ட உணவு செரித்த தன்மையை அறிந்து, மாறுபாடு இல்லாத உணவுகளைக் கண்டுபிடித்து, அவற்றையும் நன்றாகப் பசித்த பிறகே உண்ண வேண்டும் என உணவு செரித்த பிறகு பசி எடுத்தால்தான் நல்ல உணவைத் தேர்ந்தெடுத்து உண்ண வேண்டும் என வள்ளுவர் கூறுகிறார்.

Greetings from Dr.S.Nehru,

PPLSSS Scheme is one of the novel schemes and a great mile-stone in the path of IMA, Tamilnadu. During the pandemic situation, we should protect ourselves from the COVID-19 as well as the litigation that arise from our hospitals. So, I request all the IMA members to enroll yourself in the pretty PPLSSS scheme and let us free from all the litigation. Least but not least, I pray Good that every one should be free from COVID-19.

Thank You.
